ALCANTARA

The LOG Staff of 1942 wishes to express its gratitude to Mr. Battles for his understanding counsel and the countless hours which he has devoted to us; to Miss Dowling whose help in the Art Department has been invaluable; and to Miss Griffin and the students of the Office Practice Class who have so generously given their time in typing the copy.

MELROSE HIGH SCHOOL

THE LOG

Dedication

We, the members of the graduating class, dedicate the Melrose High School LOG for 1942 to Miss Edith S. Blake, who, with us, is leaving Melrose High School this June.

We, as graduates, are just about to select the threads with which to weave our pattern of life; Miss Blake, however, long ago chose her threads and has woven them into a rich tapestry, full of kindness and wisdom. We hope that the sympathy and understanding with which Miss Blake has guided us will help us in fashioning for ourselves a pattern as fine as she has woven during her many years in Melrose.

Miss Blake first came to Melrose in 1903 as Master's Assistant at the Lincoln School. Since that time she has served as principal of the Lincoln and Livermore and Sewall Schools. In 1923 she returned to Melrose High School as Dean of Girls and teacher of English.

It is with best wishes for her happiness in the years to come that we bid farewell to Miss Blake.

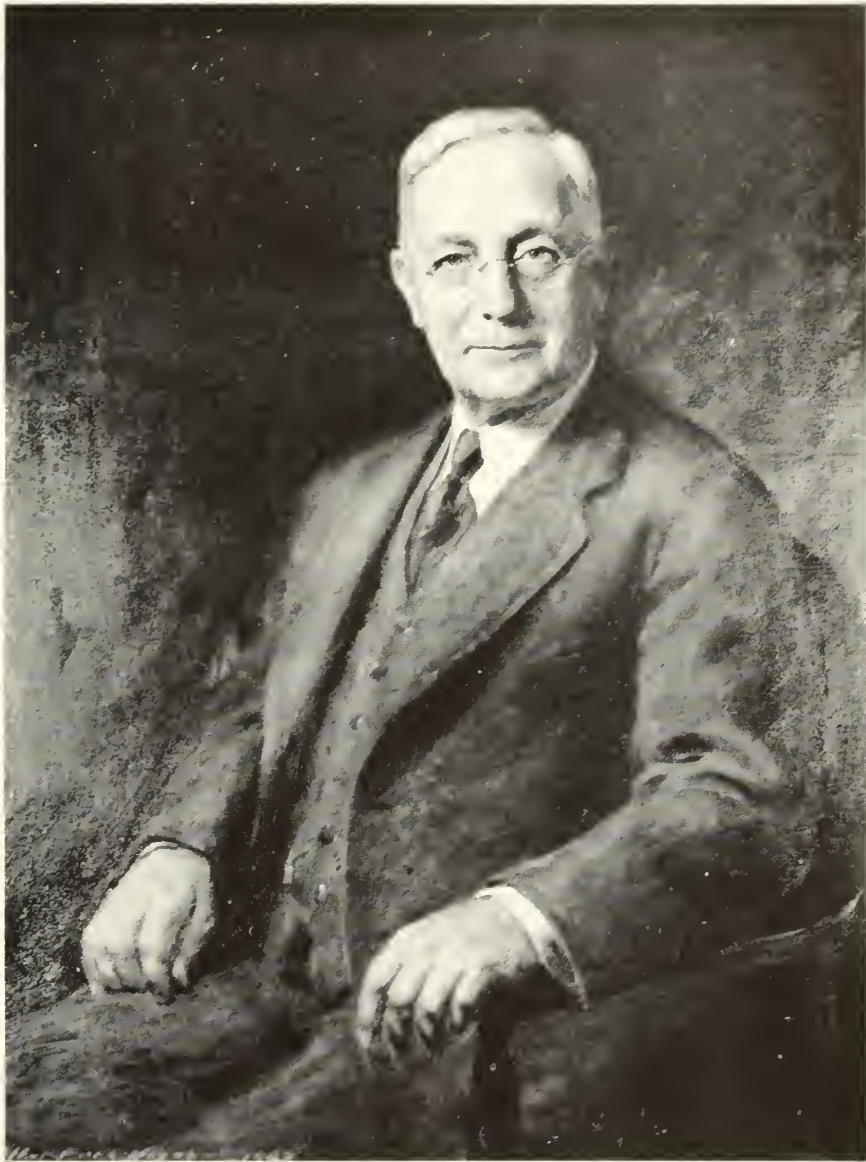

MISS EDITH S. BLAKE

The class of 1942 wishes to express its affection and respect toward our principal, Mr. Sprague, on the occasion of his retiring after twenty-four years of service in this school. The sense of honor and justice as well as the devotion to duty which make up his code of personal and professional conduct will always be a source of inspiration to us in the years to come. Our sincere wishes for his happiness in retirement are tinged with regret that his dignified presence and forceful character will no longer exert their influence on Melrose High School.

DAVID B. ADAMS

"Pads" "Dave"

Roosevelt School. Football manager 1, 3, 4; Hockey 1, 2; Baseball 1, 2, 3; Hi-Y 3, 4.

Dave is a sport fiend and can usually tell you all kinds of information about sports. His favorite sports are hockey and baseball. David is not interested in any particular vocation, but plans to go to Prep School or join the Services of our country.

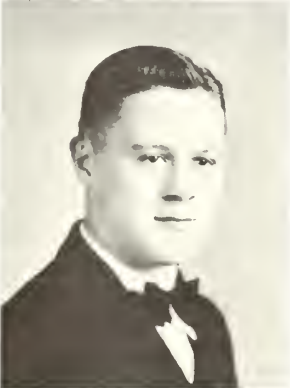

SAMUEL ADAMS

"Sam" "Sammy"

Lincoln School. Track 2, 3; Hockey 1; Cross-Country 2, 3; Football 1.

Wherever there is any excitement, noise, or commotion, one can always find Sam in the middle of it. He is one of the hardest boys in the school to get hold of, because he is everywhere, and nowhere. Because we find him everywhere, he is well known by all. Few of us realize that Sam is a splendid ping-pong player. On the more serious side of his life we find that he has a fine collection of stamps. Sam plans to attend Texas A. and M. next year.

WILLIAM ALCOTT

"Bill"

Lincoln School. Model Airplane Club 1; Band 1, 2; Orchestra 1, 2, 3, 4.

One of the greatest assets to our class during the past four years has been that illustrious gentleman, Bill Alcott. Bill's main interest seems to be in the mechanical line. The sport's world of wrestling has, too, inspired mighty Bill. Perhaps he may someday challenge the "Angel" to a match. But all kidding aside, upon Bill's graduation, Northeastern is to receive another brilliant student. Bill intends to study Mechanical Engineering.

WILLIAM ALKINS

"Bill" "Billy"

Lincoln School. Hockey 1, 2, 3, 4; Baseball 1; Football 1.

A pleasant smile and a keen sense of humor are Bill's traits. In his quiet manner he has acquired many friends. Bill has done fine work for the hockey team for four years and has played an important role in helping Melrose garner the new England championship. Billy enjoys swing music very much. Many times he may be found with the gang listening to swing records. Billy plans to join the navy.

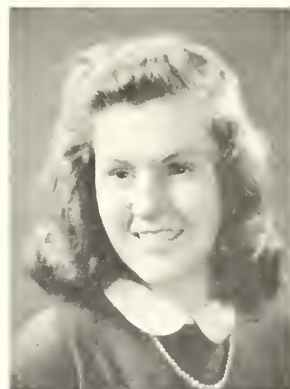

THE LOG

PRISCILLA ELOISE ALLAN

"Pussy"

Roosevelt School. Freshman Girls' Club; Cloak and Plume; Bowling Club 3; Swimming Club 3, 4; Girls' Club 4.

Possessing calm demeanor in contrast to most red heads, "Pussy" has an unusually endearing personality. Being talented in art, she loves to draw. On practically any nice day you may see the "Goodwin-Allan" combination driving about the town. "Pussy" hardly ever misses football or hockey games. Her quick wit, artistic talent, and ready smile make her a charming addition to any group.

SYLVIA L. ANDERSON

"Andy" "Syl"

Maplewood School, Gloucester. Basketball 2, 3, 4, Varsity; Freshman Girls' Club; Girls' Club 2, 3, Treasurer 4; Swimming Club 1, 2; Bowling Club 1, 2; Log Staff;

S. A. T. Office 2, 3.

This athletic-minded girl came to us as a freshman from Gloucester. Her infectious giggle is well-known in the corridors and classrooms and has even traveled as far as Dartmouth. Wherever you find "Andy", you may be sure everyone is enjoying himself. After graduation, she plans to work as a secretary.

DOMINIC ANTONUCCI

"Dom" "Nick" "Nicky"

Lincoln School.

Nick has always been interested in sports, but, because of outside activities, he has not taken them up. Wherever there is a cinema, you will find him. He is not sure whether he intends to keep up his schooling or not. Wherever he goes, he will always carry a personality with him that everybody admires.

JAMES E. ARMINGTON

"Jimmie"

Roosevelt School. Cloak and Plume 1; Airplane Club 1, 2; Rifle Club 1, 2; Tennis 4.

Here we present the fellow of the Class of '42 who always has an answer for everyone and everything. Beside this ability of reading humor into every situation, he is one of those geniuses of whom we hear so much but seldom see, the one who rarely studies but is always on the honor or credit list. Jimmie is not, however, a stuffy student, but also likes many sports, especially tennis and golf. After high school, Jimmie intends to enter M. I. T.

M. ANNE ARNOLD

"Danny"

Coolidge School. Cloak and Plume 1; Masque and Wig 2, 3, 4; Outing Club 2, 3, 4; Biology Club 4; Ski Team 2, 3, 4; Log Staff 4.

Crash, bang! "Are you still with us, Anne?" She's up—no she's down! This scene typifies Danny in tennis, skating, skiing, horseback riding, and, in fact, in almost any sport you can mention. But all the same she excels in these sports, and is also talented in drawing and writing. After four years at the University of New Hampshire, Anne hopes some day to own a farm on which she will raise horses.

KENNETH D. ATWOOD

"Ken" "Kenny"

Roosevelt School. Outing Club 3, 4; Hi-Y 3, 4; Imprint 3.

Have you ever seen a water main burst? Neither have I, but some of us have seen Kenny come out with a new idea now and then—with the same effect! His latest enthusiasm is skiing, at which he cuts quite a figure. Don't let the glasses fool you, Ken is not the bashful type, as evidenced by his startling array of beautiful bow-ties which daily draw the admiring glances of his friends.

ELIZABETH ALTHEA AUTY

"Betty" "Al"

Calvin Coolidge School. Freshman Girls' Club 1; Cloak and Plume 1; Chorus 1, 2, 3; Outing Club 1, 2, 3, 4, vice-president 4; Girls' Club 4; Imprint 3; Orchestra 1, 2, 3, 4; Band 2; Musical Appreciation Club 4; Masque and Wig 2, 3, Christmas Play 2, 3.

Betty, the girl with the mischievous twinkle in her eye, is a sports enthusiast, spending most of her time skating and skiing in the winter and swimming and playing tennis in the summer. She also finds pleasure in knitting, dancing, and playing the violin. She plans to attend Bates College and later specialize in occupational therapy.

CHARLES BACIGALUPO

"Charlie" "Bachi"

Lincoln School. Football 1, 3; Rifle Club 1, 2, 3; Junior Air Raid Warden 4.

That likable manner and cheerful smile have made Charlie everybody's friend. Should you receive a nicely prepared order from Andrew's Market, you may well be sure that it was Charlie who prepared it, for that is where he spends a great deal of his time working when not in school. Having completed the Melrose High School technical course in high standing, Charlie is now planning to study bacteriology at Cornell.

THE LOG

JOHN L. BAIER

"Jack" "Jackson" "Johnny" "Dingie"

*Coolidge School. Band 1, 2; Football 1; Hi-Y 3, 4;
Biology Club 4.*

Jack is a happy-go-lucky fellow and is always up to some mischief. He plays the trumpet and is a faithful follower of Harry James. Because of his cheerful personality, he has made a great hit with all in school since his freshman year. Many have no doubt seen him driving around in his new '32 Chevie. He plans to specialize in chemistry at Cornell next year.

ELIZABETH N. BAKER

"Betty"

Roosevelt School. Freshman Girls' Club; Girls' Club 3, 4.

It is our firm belief that there will never be a graduate from Melrose High School, who will surpass Betty's ability to giggle. Betty played an active part in the operettas in her Junior and Senior years. Between her heartwarming giggles Betty has won herself recognition by singing for the local clubs. She hopes to make singing her career.

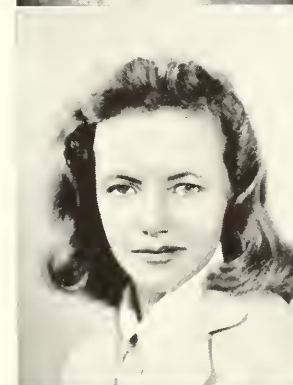

MARY ELIZABETH BAKER

"Betty"

*Roosevelt School. Freshman Girls' Club; Junior Red Cross Council 1; Ski Team 2; Outing Club 2, 3, 4;
Musical Appreciation 4.*

Although Betty is not much more than five feet tall, she possesses an abundance of friendliness and wit. Furthermore, she is one of our best figure skaters and an enthusiast of skiing, riding, bowling, and tennis. In quieter moments she turns to dress designing and the composing of witty rhymes. Such qualifications surely promise Betty a successful year at Chandler.

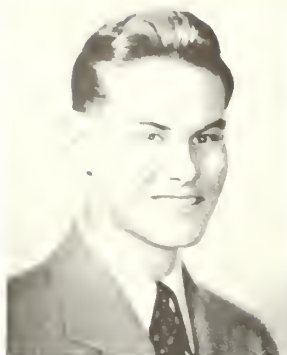

BEVERLY LUCILLE BALDWIN

"Bev" "Bee" "Bevy"

*Roosevelt School. Freshman Girls' Club 1; Field Hockey 1; School Life 3; Imprint 3; Feature's Editor 4; Girls' Club 3, 4;
French Club 4; Chorus 1, 2; Basketball 1, 2.*

B as in brilliant, E as in energetic, V as in vivacious—that spells Bev. She's the gal who wrote that delicious column Peekin' for the past year. When Bev came to M. H. S., she bore the title "Most womanly girl," and to that during her four years here she has added a delightful sense of humor, a gracious manner, and a charming personality. Besides a fine scholastic record Beverly will leave behind her a "bevy" of friends as she continues her education at Simmons.

STANLEY C. BATTLES

"Stan" "C. B." "Hunkey"

Roosevelt School. Football 1; Tennis 2, 3.

The dapper and colorful Stanley C. has become well known throughout M. H. S. for his robust, yet friendly manner. Able to do almost anything in the athletic line, the strong man's favorite is golf at which he strives for perfection. Stan's vigor and persistence in sports and school are typical of everything he does. Next year C. B. plans to brighten things up at Northeastern in preparation for a no-doubt glorious future.

ESTHER C. BEAN

"Beano"

Calvin Coolidge School. Biology Club 4; Swimming Club 4.

Beano, with her giggles and fun making, has made a place for herself in all her friends' hearts. Although shy with strangers, she has informed many of her friends that she intends to become an occupational Therapist. As long as you smile and be merry, Beano, your troubles will be lighter, and you'll always be happy.

F. SHERMAN BEELER

"Sherm"

Roosevelt School.

Sherm is a cheerful fellow and is always ready to greet you with a smile. He is fond of shooting, football, basketball, and boating. When he was younger, he was bashful and ran every time a girl looked at him, but that is not so today. When he graduates from school, he expects to attend the Nautical Ship and enter the field of navigation.

MARJORIE PUTNAM BELL

"Marj" "Marji" "Put"

Roosevelt School. Freshman Girls' Club, Treasurer; Band 1, 2, 3, 4; Orchestra 1, 2, 4; Basketball 2; Varsity 4; Field Hockey 1, 2; Junior Speakers' Bureau 2; Speakers' Bureau 3, 4; Imprint 3; School Life 3; Girls' Club 3, 4; Chorus 1, 2.

Jocund laughter—tip-tilted nose—never failing energy. You've heard her, the musician, pouring forth melodious notes from the clarinet; seen her, the cashier, pushing out dimes and nickles in the cafeteria; and probably met Marji, the saleswoman, boosting some Church or School event. In addition, Put maintains a high scholastic record with plans to enter Simmons after graduation.

THE LOG

PRISCILLA M. BELT

"Ditty"

Wakefield High in 1939. Girls' Club 3, 4; Swimming Club 2.

Ditty did not participate in many of the school activities, but she has outside interests that take up her time. Some of these are swimming, dancing, and ping-pong. She is a great ping-pong fan and can beat anyone. She plans to go to work when she graduates and improve her business ability by taking a business course at night school.

MARY BERGSTROM

"Bugs" "Bugstring" "Bergie" "Alarm Clock"

Roosevelt School. Chorus 1, 2, 3; Freshman Girls' Club; Outing Club 2.

Although Mary has not participated in many sports, she has certainly been a loyal supporter of them. Mary spends most of her outside time bicycling and enjoying other outside activities. One never sees Mary with a sober look on her face, as she is one of those happy-go-lucky girls with a cheerful smile. She plans to enter business as soon as she graduates and takes a business course at Burdett's Evening School.

PHILIP W. BERTHEL

"Phil"

Roosevelt School

When you hear that burst of laughter in class, it is Phil laughing at some teacher's joke. His constant mirth and fun are a tonic to his classmates and a problem to his teachers. His hobbies are baseball, football, and swimming, the latter of which he prefers. With his scholastic ability and pleasing personality, we may be sure that in the future Phil will always be a credit to Melrose High.

CLAIRE E. BEZANSON

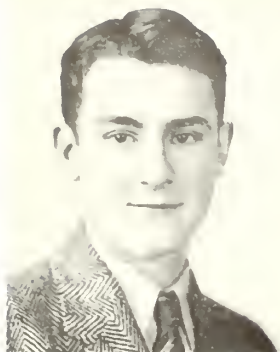

"Buzzy"

Calvin Coolidge School. Freshman Girls' Club; Girls' Club 3, 4; Operetta 3; Biology Club 4; Bowling 4.

Although very conscientious about the daily tasks at school, Claire is by no means quiet. Most of her summer vacation is spent at Cape Cod where she enjoys her favorite sports—swimming and sailing. In the winter months, she is willing and able to give anyone some real competition in the bowling alley. Biology also heads the list of her many interests during the school years.

1942

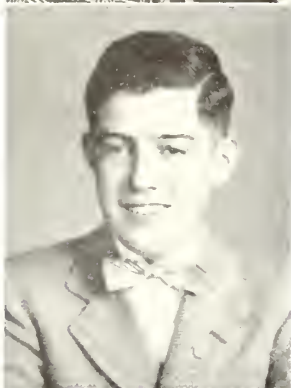

JAMES BEZANSON

"Jimmie" "Red" "Buzz"

St. Mary's School. Lens and Shutter 1, 2.

Jimmie is a popular red-headed senior who is full of merri-ment. He has not participated in many activities although he has been a loyal supporter of them. With Jimmie comes that beaming smile and jovial personality that has followed him through four hard years of Melrose High School. When he finishes school, he hopes to be a chemist. As a sideline to chemistry, Jimmie follows aviation.

CHARLES BISHOP

"Charlie" "Bish"

Lincoln School. Lens and Shutter 1, 2.

Well liked by everyone, "Bish" is a genial, good natured fellow always ready for some fun. He is noted about the school for his flashy bow ties, adorning himself with the bright-est he can find. During the summer Charlie can usually be found on Lake Quana-powitt, sailing his skimmer with the skill of an old salt. After leaving Melrose High, Charlie in-tends to enroll in the Massachusetts Nautical School. Gobs of luck to a future sailor.

PAULINE BLAKE

"Polly"

Calvin Coolidge School. Freshman Girls' Club 1; Band 1, 2, 3; Orchestra 1, 2; Girls' Club 3, 4; Red Cross Club, Secretary 4.

Petite, peppy, and popular—that's Polly. She is one of those people with a will of her own which should take her far. She is an enthusiastic swimmer and also enjoys horseback riding. Next year she plans to enter a Junior College before going into the nursing profession, which has always been her am-bition.

BEVERLY BLANCHARD

"Bev"

Calvin Coolidge School. Freshman Girls' Club 1; Girls' Club 2, 3, 4; Swimming Club 1; Bowling 1, 4.

Bev wins all honor as being the "tres chic femme" of our class, and because her charm and friendliness match her style, we must give her a "triple A" rating. She has recently acquired an interest in knitting, and, when there is no other excitement at 115, she may be found passing her time in this way. There is no particular sport that Bev calls her favorite, but many a spring afternoon finds her breaking records (and things) on the golf course. After graduation she plans to at-tend Wheelock.

THE LOG

M. ANTOINETTE BOURQUE

"Ann" "Toni"

Lincoln School. Freshman Girls' Club; Swimming Club 4; Imprint Typist 4.

Ann is often spoken of as the girl with the vivacious smile whom you see always ready to pop a bit of sunshine into every corridor and classroom. She has taken part in almost all of the sports besides having an added interest in outside activities. Ann, who is an ardent swing fan, has followed the progress of many band. She enjoys swimming and dancing. After graduation she plans to enter the business world.

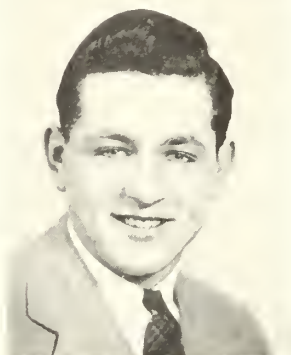

RUSSELL F. BOUTILLETTE

"Russ" "Muscle" "Dingie"

Coolidge School. Football 1, 2; Golf 2, 3, Captain 4; Hy-Y 3, President 4; Biology Club 4.

Hail fellow, well met, our friend, Boutillette. That's Russ in a nutshell. Golf being his favorite sport, it is not odd that he should be A1 on the Melrose Team. Muscles, friendliness and pleasing smile make him popular in the social activities of the school and church. Everybody who knows him is sure that he, along with his piano playing, will make a great hit at Staunton Military Academy which he will attend next year.

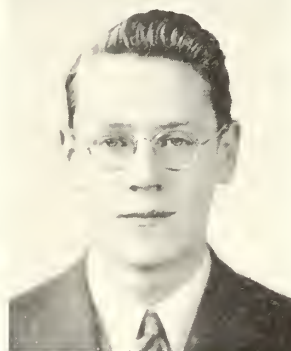

EDWIN JOHN BOWDITCH

"Eddie"

Lincoln School. Lens and Shutter 1; Air Raid Warden 4.

A pleasant companion, a faithful, generous, sincere, and cheerful friend—that is Eddie. Because of this pleasant personality he has won many friends in and out of school. Photography, along with sports, finds a prominent place in his life outside of school. Eddie plans to be a top-flight business executive.

GERARD JAMES BOWMAN

"Rard" "Tucky" "Slim"

St. Mary's School

Rard is very quiet and has many friends gained through his interest in sports both inside and outside of school. His outside interests are woodwork, machines, movies, and music. He is undecided as to what he will do after graduation, but I am sure he will do his best.

1942

MARION LOUISE BOYD

"Scotty" "Skippy"

Wakefield High School 1939

Marion is the quiet and serious type of girl. Her hobby is writing stories and poems, which we think will amount to something, one day soon. She would like to be either an aviatrix, salesworker, or writer. We all feel that Marion is going to be one of our great authors, even if she doesn't believe it herself.

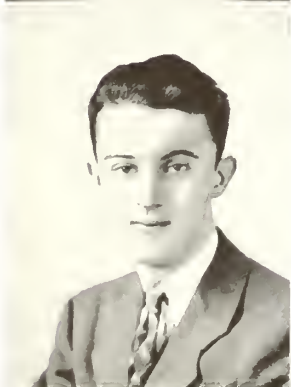

H. ELAINE BRACKETT

"Bing" "Jinx"

*Coolidge School. Freshman Girls' Club; Girls' Club 3, 4;
Handicraft Club 3; Outing Club 3.*

Pep, vim, and vigor describe Bing to a T. Her vivaciousness and love for fun have won her many friends. In the winter you will find her whizzing down some mountain side, and in the summer gleefully riding the waves. We wish you success, Elaine, at Academy Modern, where you plan to take up modeling.

JOSEPH F. BRACKETT

"Joe"

Calvin Coolidge. Hi-Y 3, 4; Rifle Club 3.

A tall, good-natured boy, Joe has changed from a shy, quiet sort of person to a more lively, more active participant in dances. He is an all-round enthusiast of winter sports, and has made several gallant attempts to master the Mt. Hood ski-jump. A regular haunter of the Pine Tree State, Joe inevitably returns there to work through the summers. His plans for the future include Northeastern.

PHILIP BRIAN BRADY

"Bud"

Calvin Coolidge School. Football 1, 2, 3, 4; Track 3, 4; Rifle Club 3, 4; Model Railroad Club 4.

From freshman to senior year he never lost his distaste of anything that restricted his freedom. Carefree, yet serious, his hobbies, limited to radios and mechanical devices, his ardent love of the sciences encouraged his interest in school subjects. Moreover, in the near future he plans to enter a technical military school, and thence proceed to bring about our reprisal for injuries inflicted by foreign powers.

1942

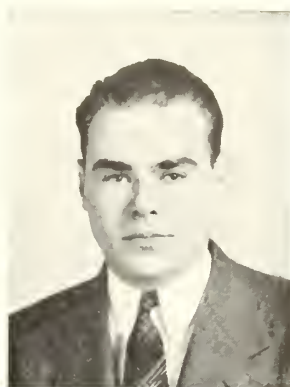

THE LOG

RICHARD BRENNAN

"Dick"

Lincoln School

Dick came to Melrose High School in 1938 after eight long years of hard study. He likes sports, but could not play any in school, for he worked for a local Taxi Company. Dick is very popular, even though he could not play sports. He keeps his hobby a secret because he is a modest boy. His plans for the future are undecided. In spite of this, we are all wishing him luck.

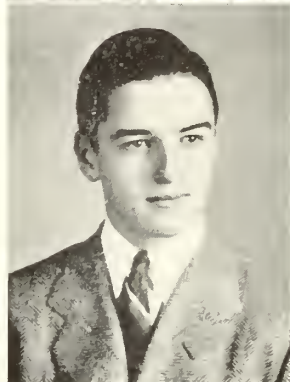

DAVID BRISSETTE

"Dave"

Lincoln School. Football 1; Basketball 1, 2; Tennis 1, 2, 3, 4; Speaker's Bureau 4; Hi-Y 3, 4; Jr. Air Raid Warden 4; Log Staff 4.

Besides being an honor student most of the time, Dave has managed to become a mainstay on the M. H. S. tennis team. Hockey games and ping-pong are two of his favorite pastimes. David's ambition is to become a doctor. Knowing Dave's ability as well as his calm and collected temperament, there is no doubt in our mind as to his future success.

PATRICIA MARGARET BROWN

"Pat" "Red"

Coolidge School. Freshman Girls' Club; Girls' Club 3, 4; Typist for Imprint 3, 4; Chorus.

A girl with a pleasing personality and vivacious nature is Pat. No matter how blue she, herself feels, she always has a word of cheer for her classmates. Pat manages to find time in her busy life to participate in her favorite sports, tennis and bowling. Pat plans to become a secretary, and in this field will undoubtedly succeed, because of her natural ability for such work.

MARILYN ELIZABETH BRUCE

"Brucie"

Lincoln School. Swimming Club 1; Freshman Girls' Club 1; Chorus 1, 2, 4; Junior Speakers' Bureau 2; Bowling Club 2; Girls' Club 3, 4; Imprint 3; Masque and Wig 4.

If you see someone looking at you in a vague sort of way, don't worry. It's only Brucie getting inspiration for her next poem. Besides being our poetess, she is oodles of fun and tops with the gang! She has just one problem—whether to be "poetess laureate" or just a laboratory technician. Let's hope her next years at Massachusetts State will help her decide.

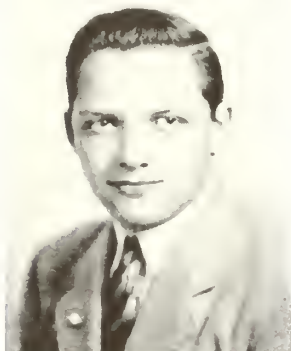

GEORGE M. BRYANT

"Jackie" "Sam"

*Coolidge School. Football 1, 3, Captain 4; Track 2;
Ring Hockey 3, 4.*

Through his good sportsmanship and exceptional abilities as an athlete, George has become one of the most popular boys in the class of '42. George graduated from the Coolidge School in 1938, and most of his athletic efforts have been put into his excellent football playing. He earned letters the only two years he was out for football and had the honor of being co-captain in his senior year. After leaving school, George plans to become a social service worker.

DONALD BUCKPITT

"Don" "Buckit" "Buck"

*Coolidge School. Rifle Club 4; Operetta 4; Railroad Club 4,
Treasurer 4; Hi-Y Club 4.*

If one hears a laugh louder and jollier than usual, he may be sure it is Don. Through his jovial manner and unassuming ways, Don has won many friends. He is a serious student who finds time for relaxation outside in such sports as skiing in the winter and swimming in the summer. Don is planning to enter Severn Academy in Maryland and thence to Annapolis.

JOHN W. BUNKER

"Smokey" "Bunk"

*Coolidge School. Football 1, 2, 3, 4; Basketball 1; Rifle Club
Club 2, 3; Outing Club 2, 3.*

In 1938, a colorful lad entered Melrose High. Who is it? That's right; it's Smokey. During his stay in high school he was active in athletics, especially his four years of football. In the winter, we can find Bunk at the skiing areas. He has been ski jumping at Mt. Hood for the last three years and has made a great showing at it. Next year, John plans to go into the Merchant Marine. I'm sure that he will be a success there.

PRISCILLA BUNKER

"Pussy" "Pris" "Andy"

*Coolidge School. Freshman Girls' Club; Girls' Club 2, 3;
Imprint 3, 4, Make-up Editor 4; Speakers' Bureau 4;
Outing Club 2, 3.*

Pussy is always busy either working or playing. Although Pris enjoys writing, is a fine ping-pong player, dances, knits, plays the piano, and takes keen delight in her baby sister, she still has time to maintain the standing of an Honor, or High Honor student. After attending Simmons, she plans to be a medical or legal secretary.

THE LOG

SARAH C. BURNETT

"Sally" "Burney"

Coolidge School

Giggling Sally has brought cheer to all her friends during her four years of High School. Although not very active in school activities, she has participated in many outside activities, impressing many with her skill in bowling. Sally will go to the Wilfred Academy to learn about hairdressing. Keep up the good spirit, Sally, and make others laugh, as you've made us!

BARBARA MARIE BURNS

"Barbie" "Babs"

Saugus High School. Melrose Girls' Club 4; Saugus Girls' Club 1, 2.

"B" is for baseball fan and books; "M", for music and movies; the second "B", for baking and blue clothes. Despite her retiring nature, Barbara has been an honor student in high school. Into whatever field she finally enters, whether that of the music masters, or that of dietitians, she will reap the best harvests, as her diligent studying in school has shown.

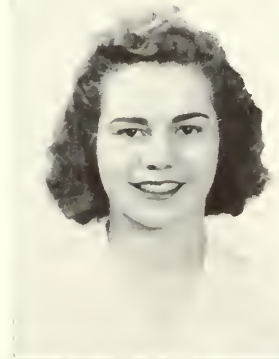

RUTH HARRIETTE BURNS

"Roonie"

Saugus High School. Saugus Girls' Club 1, 2; Public Speaking Club 2; "Focus" Staff 2; Melrose Girls' Club 4.

Ruth's plans for the future are directed toward a career in either journalism or dress-designing. Pen and paintbrush have always produced her indoor recreation. She applied her writing ability advantageously reporting for the "Focus". Every winter finds her an active participant in her favorite sports, skiing and skating; summer, swimming and tennis. Her steadfast determination plus her rank as an honor student foretell that favorable heights will be attained.

JEAN BUSH

"Bushie" "Blondie" "Shorty"

Malden High School. Craft Club 1; Orchestra 1, 2; Rifle Club 3; Golf Club 4; Junior Old and New 4; Kappa Phi 2, 3,

4.

Shorty is another welcome addition to Melrose High from Malden. Although rather shy among strangers, when driving the family car or wheedling sweet music from her 'cello, there's no denying her friendly nature. She's an enthusiastic golfer but her time is filled with dancing and knitting for Red Cross (? ?) Next year, Bushie hopes to be a Colby Junior College girl studying medical secretarial work.

1942

WINIFRED J. CALLEY

"Winnie" "Win"

Roosevelt School. Freshman Girls' Club; Girls' Club, 2, 3, 4; Red Cross 3, 4; Bowling Club 4; Glee Club 2; Chorus 1, 3, 4.

Because of her petiteness, smoothness, and grand personality, Winnie, who is known around school as the girl with the beautiful blond hair, has become since her freshman year one of the most popular girls in this school. She is very quiet in school, but participates freely in sports and dancing outside of school. Winnie has remarkable artistic ability and hopes to continue in the future with interior decorating as a career.

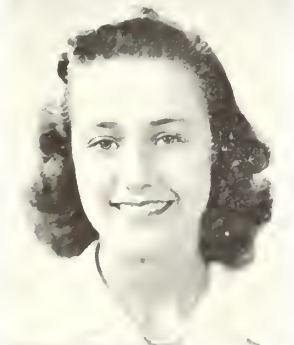

EUNICE CALPIN

"Eunie" "Eune" "Youmus"

Lincoln School. Freshman Girls' Club; Chorus 1, 2, 3, 4; Girls' Club 3, 4; Hockey 3; Operetta 3, 4; Band 1; Spanish Club 2; Greek Club 3.

Her infectious laugh is the index to the good nature we all associate with Eunie. She has proved herself a true friend and a grand pal to all who know her. Of her many hobbies, singing is her favorite, and has brought her the lead in this year's operetta. In choosing Wellesley College she is following a family tradition as well as her own inclination. Interested in psychology? Eunie will tell you all about it in four years.

ERNEST CAMERON

Lincoln School. Rifle Club 2; Basketball 2, 3.

Who's that boy who just whizzed by? Don't you know? That's Ernie Cameron. Through his personality and his ability to play games, Ernie has gained many new friends here in school. Ernie is never idle. Either he is engaged in some sort of sport, or he is doing his school work. He is very quiet in class but very active when playing basketball, which is one of his specialties. Ernie says he wants to go out into the world and make something of himself, and here's hoping he does.

THE LOG

LAWRENCE D. CAMERON

"Hock" "Bubbles"

Roosevelt School.

Hock didn't come to us, we came to him in our freshman year. He was here already. Though we have no facts to back it, it has been conceded that Hock has the highest record of absences in the school. He is known to be listed in the ranks of the colorful element of the school. He has the inventive genius for jokes and an avid imagination which would suit him for a script writer for Bob Hope.

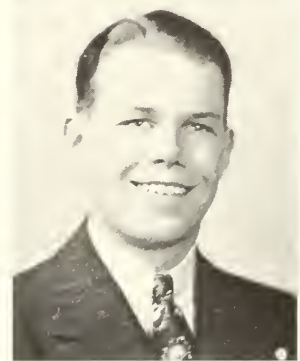

ROBERT J. CAMPBELL

"Bob" "Soup"

Calvin Coolidge School. Football 1, 2, 3, 4; Track 3, 4; "Imprint" 3, 4; Hi-Y 3, 4; "School Life" 3.

An advocate of, and participant in, all sports, especially football, a game at which he is proficient; a lover of both swing and soft music; a fellow with an almost perpetual smile and a twinkle in his eye; an enjoyer of either babbling or blissfully sleeping in Biology; a friend of all his school-mates, not excluding girls—still Bob has the time and energy to practice his enjoyable hobby of cooking!

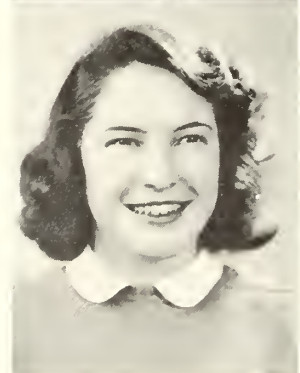

SHIRLEY ANNE CARBEE

"Sid" "Ifandsome"

Roosevelt School. Freshman Girls' Club; Red Cross 2; "Imprint" 3; Girls' Club 3; Ski Team 4.

Sid may be found tearing along the old dirt roads of New Hampshire on a big roan mare, poised in a trim bathing suit ready for a plunge into the water, or vigorously climbing the snowy slopes and ski trails of famous mountains. Altogether she is a highly attractive girl with a stunning smile and personality hard to duplicate.

PRISCILLA CARSTENSEN

"Syl"

Roosevelt School. Freshman Girls' Club; Girls' Club 3.

Pause for a moment, and glance to the side.
Regarding this girl, I would like to confide,
I find her quite friendly, unselfish, and gay;
She is always good-natured, day after day;
Can't keep her mind on her studies for long,
Instead she would rather be playing ping-pong;
Likes hockey, Glenn Miller, and pickles and blue,
Likes movies and rain and weekends, too.
And she will be glad when school is through.

THOMAS V. CEFALO

"Tom" "Zip"

Calvin Coolidge.

Tom, as many of you know, makes a good companion. He is fond of playing the piano and in class you often hear a melodious hum coming from him. Tom plans to carry on the florist business that his father started. When a friend calls him on the telephone, he calls himself the Vice-President of the Cefalo Florist. Tom will become President of the Cefalo Florist when his brother goes into the army. The best of luck for a successful business.

MARTHA ANN CHASE

"Marty" "Chasic"

Lively, athletic, energetic—these adjectives most perfectly describe Marty. Her outstanding athletic ability makes her a prominent figure in all kinds of school sports, and she also likes riding and skiing. In the summer, she is often seen on the tennis courts. It is only natural that Marty plans to follow up her main interest at Sargent College.

IRENE HELEN CHUBBUCK

"Chub" "Chubby"

Calvin Coolidge School. Freshman Girls' Club; Girls' Club 3, 4.

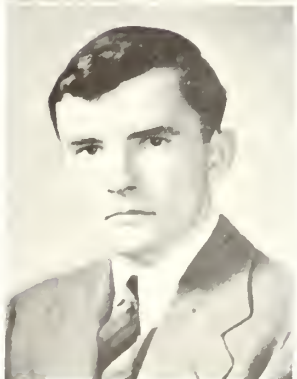

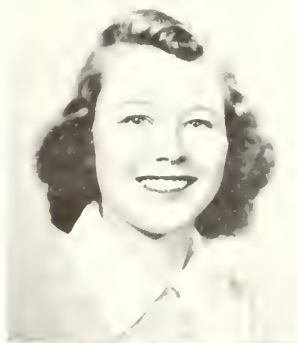

Chubby is interested in many sports, skating and skiing being her most outstanding. She is one of those few people fortunate enough to remain in the Commercial Course. Outside of commercial work, Chubby spends some of her time in the artistic field. She likes to travel and has visited England as well as many places in the United States, Mexico, and Canada. After graduation, she would like to become a doctor's assistant.

WILLIAM J. CLARK

"Click" "Speed" "Dingie"

Roosevelt School. Football 1; Ring Hockey 3; Hi-Y 2, 3, 4.

"Veni, vidi, vici" changed to the third person singular describes how "young Clarkie" affected the high school when he entered as a shy but most comical fellow. Will is sharp of wit, a fastidious dresser, and a prominent member of Hi-Y. Sailing occupies all his time every summer and he is a master of the art, having participated several times in the races at Marblehead. Besides this ability, Click is also a fine athlete and a better-than-average skier. His dry humor, wisecracks, and drollery are guaranteed to reduce the proportions of your stomach and to produce laughter wrinkles. B. U. may greet Will with open arms next year.

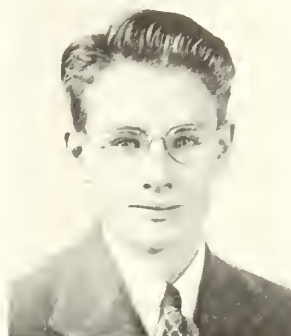

THE LOG

ROBERT D. CLISBEE

"Bob" "Grunt"

Calvin Coolidge.

Not a very conspicuous fellow, he is nevertheless very much here. He makes friends easily, though very few people know him well. After graduating, he plans to work in an office, though he might travel a bit first. At any rate, good luck to him in any field he takes up.

BARBARA COFFIN

"Bab" "Bibs" "Coffie"

Coolidge School. Freshman Girls' Club; Chorus 1, 2, 4; Red Cross 1, 2, 4; Operetta 4; Imprint typist 4.

During her four years at Melrose High School, Babs has made favorable impressions upon her friends. She has always had a great love for music and hopes to further her knowledge in this field. In class, she can always be depended upon to create a diversion with her wit. Babs has entered many sports and other outside activities. She plans to enter the business field after graduation.

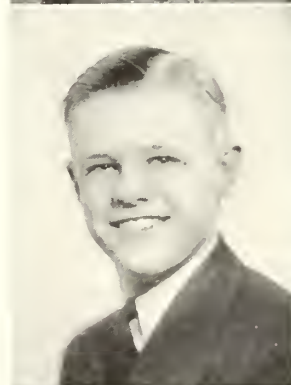

PHILIP J. COLEMAN

"Flip" "Phil"

John Harris High School, Harrisburg, Pa. Basketball 1; Football 3; Track 1, 2.

Phil entered M. H. S. in his senior year. His keen interest in sports is the cause of his success as an excellent basketball and football player. His large blue eyes truly indicate his power of personality with both the male and female sex. Despite his seemingly lazy attitude toward life, he can display an animation equal or superior to any excellent track man.

BARBARA G. COLLINS

"Barb"

Roosevelt School. Freshman Girls' Club; Hockey 1; Band 2, 3; Girls' Club 2, 3, 4; Outing Club 2, 3, 4; Music Appreciation 4.

Sometimes people who knit a lot are thought to be the "old-maid" type. Such is not the case with this peppy little miss who is the proud possessor (with good reason) of an enviable collection of hand-knit sweaters. Barb's predominant interest is dancing, but in between dances she finds time to keep up her other hobbies—skating, playing the piano, and adding to, and listening to her collection of swing records.

VERONICA COLLINS

"Vera" "Ronnie"

Calvin Coolidge School.

Admired and liked by her friends for her genial disposition is Veronica. Although apparently reserved, she is really lots of fun, and one of the liveliest girls in our class. She has not participated in many of the school activities because of other activities outside of school. Upon graduation from high school, she intends to enter a business school to train to be a secretary. We know she will make a success at this because of the work she has done in school.

DOROTHY T. COLLUPY

"Dot" "Dottie" "Sis"

Calvin Coolidge School. Freshman Girls' Club; Bowling 4.

Quiet and good natured, Dot is well-liked by her acquaintances. Although she did not take part in the school activities, she has always participated by attending the various events. "Sis" intends to enter the business world as a stenographer after graduation.

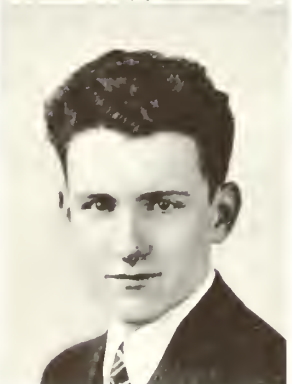

CLAIRE ELIZABETH CONDELL

"Reddie"

Calvin Coolidge School. Freshman Girls' Club; Cloak and Plume 1; Masque and Wig 2, 3, 4; Girls' Club 3, 4; Euclidean, Secretary 3, President 4; Greek Club 3; "What a Life" 3.

Flashing red hair and a cheery smile—that's Reddie. She's one of those few people who will cheerfully help a person out. When Claire isn't playing the piano, she's knitting a sweater or reading a good book. Although Reddie's choice of a college is as yet indefinite, her greatest ambition is to be a statistician. So, lots of luck, Claire, and here's to your future success.

JASON O. COOK

"Jay"

Amherst High. Orchestra 2, 3, 4; Rifle Club 3; Speakers' Bureau, Treasurer 4.

At the beginning of our Sophomore year, a quiet, bespectacled lad entered the portals of M. H. S. In three short years, he acquired, amongst other things, a reputation for his shaggy head of hair, for his studious attitude, and for being a bicycle boy. Amongst other things, we know Jason because of his knowledge of and enthusiasm in railroads. His next important stop will be either Harvard or Lord Jeffrey's College in his home town.

THE LOG

RICHARD E. COOK

"Cookie"

Band 3, 4; Orchestra 3, 4.

If before school you notice a strapping, blond gentleman carrying his trumpet case and smiling broadly, you will know it's Cookie. He has had the pleasure of only two years at Melrose High, coming from Wakefield in his Junior year. However, he has made a deep impression here, especially in the musical field. His spare time is spent mastering the trumpet. He plans to continue this hobby by enlisting in the navy and joining the Navy Band.

EDMUND J. CORCORAN

"Ed" "Red"

Lincoln School. Basketball 1; Rifle Club 1, 2; Football 2, 3.

Ed is the energetic red-head who is always ready for action. He is eager for fun and ready for work—except when the work is preceded by study. He spends most of his spare time working in a grocery store, and one of his future ambitions is to own and operate a real big store where all the heavy crates can be handled automatically. He enjoys nearly all sports, particularly skating, hunting, and ocean fishing. Next year he hopes to qualify for the Naval Aviation Corps.

NORMA M. CORKUM

"Nom"

Coolidge School. Nuntius 2; Freshman Girls' Club; Girls' Club 3, 4.

Just one glance at Nom is enough to let you know that she is a typical business girl. After buzzing around Melrose High School for four years, she has decided to carry on this typical air by placing herself in a business school. Nom finds much delight in dancing and roller-skating and is a zealous and conscientious worker in the activities of the youth of her church. She will be an asset to any business office as she is dependable as well as efficient.

PATRICIA E. CORMACK

"Pat" "Paddy"

Speakers' Bureau 3, Secretary 4; Masque and Wig 4; Masque and Wig Play 4; Christmas Play 4; Glee Club 3; Chorus 4.

Pat is our Bundle from Britain. She came to M. H. S. in 1940 with her likeable nature and English accent from Putney, London, England. She excels in speaking the French language and her major interests lie in dramatics, good books, and knitting for British War Relief. After graduation Pat plans to enter Katharine Gibbs Secretarial School.

1942

VIRGINIA MARGARET CORSON

"Ginny" "Mazzie"

Beebe Junior High, Malden. Chorus 1, 2, 3, 4;

Operetta 1, 2, 3.

Ginny entered Melrose High in her Freshman year, and she became acquainted with many friends here. She likes to dance, roller skate, bowl, and skate. You are very sure to find Ginny eating at Howard Johnson's any time, because one of her best hobbies is eating. Many of her friends wish her luck in becoming a telephone operator in the future.

HUBERT WALKER COX

"Hu"

Lincoln School.

Although taken up with swimming in the summer and model railroads in the winter, H. W. still found time to retain his position as a scholar of unquestionable ability. If he follows his plan to attend business school, his likeable personality combined with his readiness for hard work will more than assure him of great success. We hope that luck and good fortune will follow you through the years to come, H. W.

ALICE M. CREEDON

"Sheila"

Roosevelt School. Freshman Girls' Club; Crafts Club 2, 3, 4; Class Basketball 2; Junior Speakers' Bureau 2; "Imprint" 3;

Associate Editor 4; Girls' Club 3, 4; Editor-In-Chief of "Log" 4.

A quiet smile, a keen sense of humor, a yen for always doing something, and a love of Biology, all add up to Sheila. In spite of her numerous school activities, which are centered in the literary field, she manages to keep on the credit or honor list, and to indulge in her favorite pastimes of knitting and skiing. A great sport, and true friend, Sheila will be our loss, and Radcliffe's gain.

HELEN V. CROWLEY

"H. V." "Whitey"

Calvin Coolidge School. Girls' Club 3, 4; Chorus 2.

Helen is that sweet-faced girl with the slightly freckled, turned-up nose, and the long, curly, chocolate-colored hair. She has been an honor student all through high school and is one of the few to graduate from the secretarial course. Although very few people can talk fast enough to keep up with her, her friendly, happy nature make her exceptional company. Keep that smile, Helen, and we won't worry about you.

THE LOG

EDWARD A. CUETARA

"Amado" "E. A."

Roosevelt School. Ski Team 3, 4; Outing Club 2, 3, 4; Rifle Club 1, 2; Junior Air Raid Warden; Hi-Y 3, 4; Swimming 2.

Amado, the great Spanish lover, is an ardent ski enthusiast, and spends his winter week-ends skiing on the New Hampshire slopes. E. A. also attempts ski jumping, but has not as yet acquired sufficient skill, as can be seen by the number of splints and bandages he wears. His rare wit and ability to be kidded has made him a welcome member of our group. Next year he will study at M. I. T. to prepare himself to be a marine architect.

PATRICIA DAVIDSON

"Pat" "Pattie"

Roosevelt School. Freshman Girls' Club; Girls' Club 3, 4; Outing Club 1, 2, 3; Music Appreciation 4; Operetta 4.

Whenever you hear a commotion, look for Pattie; she will no doubt be there. Her wit and love for fun have made her well known in her class. She excels in skating and dancing and is an ardent supporter of school activities. Because of her congenial nature and vibrant personality, Pattie will never lack friends. Her search for knowledge will by no means end at M. H. S., for she plans to enter a professional career, that of nursing, after she has completed a course at some finishing school.

VIRGINIA DAVISON

"Ginny"

Calvin Coolidge. Freshman Girls' Club; Girls' Club 3, 4; Class Field Hockey 2, 3; Class Basketball 2, 3; Outing Club 3; Chorus 1, 2, 3.

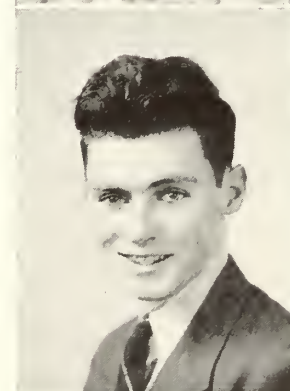

Ginny is an all-round American girl. You can see her at almost every school activity, and she has always had a high scholastic standing during her four years in Melrose High. Next year Ginny plans to go to Simmons where she will study dietetics.

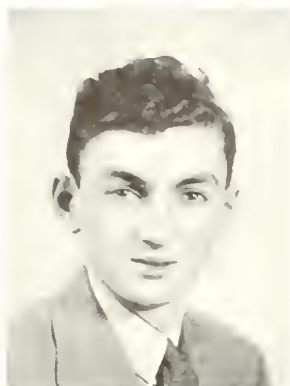

JOSEPH P. DAWLEY

"Joe" "Mozart" "Joltin' Joe"

Coolidge School. Basketball 1; Football 1.

Joe is not the studious type. He is a great lover of sports, especially baseball. His school activities have been limited because of work and participation of sports outside of school. However, I think Mozart's love lies on the ocean and I predict that he will be in the Merchant Marines before many years to come. If you see Joe walking down the street muttering numbers to himself, don't be alarmed. He is either practicing calling numbers for the beano parlor where he is employed or trying to remember some telephone numbers.

WALTER DAWLEY

"Walt" "Dol"

Although Walt hasn't been active in school activities, he nevertheless takes an enthusiastic interest in sports. Walt is the quiet unassuming type of person, with a ready smile and cheery "Hello" for everybody. Most of Walt's time has been taken up working in a local grocery store. Upon graduation, Walt plans to enter the Merchant Marine. Here's wishing the very best of luck to the future Captain Dawley.

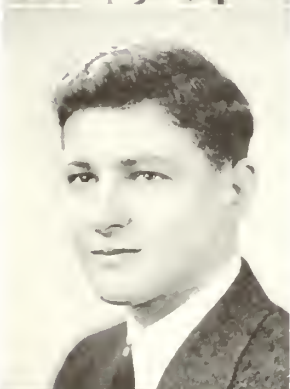

ELIZABETH LOUISE DAWSON

"Betty" "Bet"

Coolidge School. Freshman Girls' Club; Girls' Club 2, 3, 4.

Wherever there is a group of merry, chattering girls, one will find happy-go-lucky Betty Dawson. Her good-natured grin and cheerful disposition have made her a favorite with her classmates. Though she stands exceptionally high in her classes and has done much of the Cafeteria bookkeeping this year, Bet still finds time for her favorite sport, dancing. Betty hopes to become a Certified Public Accountant; so keep your bank balance straight—or else!

PAUL DE COSTE

"Frog" "Dec"

Roosevelt School.

In 1938, Melrose High School opened wide its doors to let in the seventh member of the De Coste family to graduate from this school. Although "Frog" hasn't participated in any school activities, we know that he plays an exceptionally good game of hockey. He also manages to keep his marks well up to par in school studies. Frog has been much interested in government and Civil Service jobs and hopes to be holding one soon.

PAUL DELORY

"Frog" "DeI"

Roosevelt School. Lens and Shutter 3, 4.

Paul entered the Melrose High School four years ago as a meek little freshman. His cheerful disposition has made him very popular not only in Melrose High School but in Saint Patrick's in Stoneham. "Frog" spends most of his outside time in the "dark room" where he carries on his photography work. Although his plans for the future are undecided, we know he will soon be on the road to success.

THE LOG

CHARLOTTE V. DEMETER

"Charlie"

Masque and Wig 2, 3, 4; Red Cross Council 2; Greek Club 3; Swimming Club 3, 4; Bowling Club 3, 4; Girls' Club 3, 4.

When Charlott came here from Malden in her sophomore year, she quickly acclimated herself to the daily grind of the college course. Her hard-fought tussles with Latin have steeled her against almost any eventuality. Perhaps this is the reason she is so often seen courageously diving into the pool at the "Y" or braving the elements at Mount Hood as she skates with a downward trend. Charlie hopes to work in a publishing house after attending Simmons.

FRANCES L. DILLON

"Frannie"

Calvin Coolidge School. Bowling 1, 2, 3, 4; Girls' Club 3; Euclidian Society, Treasurer 4; Lens and Shutter 2; Navigation 4.

Athletics, photography, and mechanics are Frannie's main interests. More than anything else she enjoys taking a mountain-climbing or skiing trip. Maybe it is because she likes high places that she has chosen for her vocation, and unusual one for a girl—that of aeronautical engineering. This, she plans to study at the University of Minnesota.

FRANCES MARY DINES

"Fran" "Joe"

Lincoln School. Freshman Girls' Club; Girls' Club 3, 4. Chorus 1; Bowling 1, 2; Students Activities Office 2, 3.

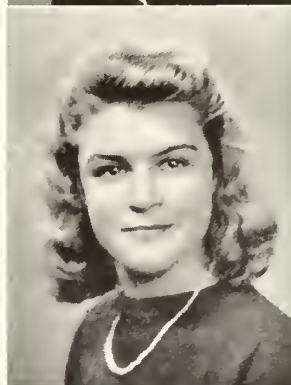

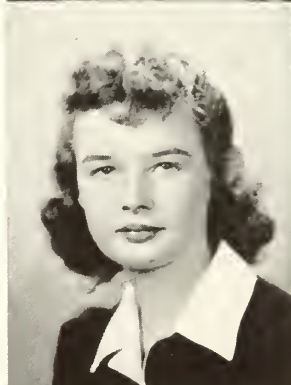

"Fran" has made herself famous for her enthusiastic support of ice hockey, as well as her high scholastic ability during her four years in Melrose High. If you are looking for a good secretary, here she is. There is no doubt that "Fran" can lighten the tasks of any business man. Although very quiet, "Fran" has made herself popular around Melrose High.

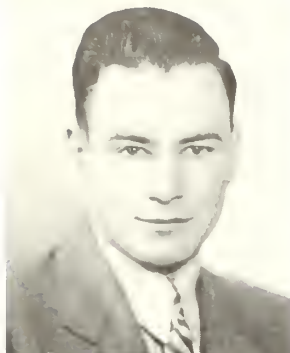

BARBARA LILLIAN DIXON

"Barbs" "Dickie"

Coolidge School. Freshman Girls' Club; Girls' Club 3, 4; Bowling 1; Field Hockey Varsity 2, 3, 4; Basketball Varsity 2, 3, 4; Baseball Varsity 2, 3, 4; Girls' League of Athletics 1, 2, 3; Junior Prom Committee; Chorus 1; Ski Team 4.

Barb's four years in high school have brought great reward to her, for not only has she won many friends with her sparkling personality, but she has taken an active part in athletics, proving herself to be a "natural." Acrobatic dancing is her favorite pastime, and she intends to make it her career.

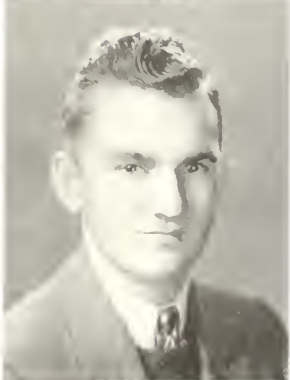

THOMAS R. DOCKRELL

"Tom" "Little Man"

Roosevelt School. Football 1; Cross Country 2, 3, Captain 4; Hockey 1, 2, 3, Co-Captain 4; Baseball 1, 2, 3, 4.

Here is a boy who in our estimation has made considerable progress in his four years at Melrose High. Tom was high scorer in G. B. I. in his junior year, a leading runner on the cross-country team, and a top batsman on the baseball team. His colorful personality, good character, and credit list standing are only a few of the fine things that go to make up this little man. Tom plans to enter the field of Physical Education at Colgate.

THOMAS JAMES DOLAN

"Tommy"

Lincoln School.

Tommy's love of sports and his athletic ability under a handicap has brought him the friendship of all his classmates. His even disposition and studious attitude also earned him the friendship of his teachers. He has not taken up school activities because of outside interests. He spends most of his time in the Y. M. C. A. Tommy wants to be a radio operator in the navy or in some other branch of the service where he can serve his country in that work.

DOROTHY DOLE

"Dotty"

Calvin Coolidge School. Freshman Girls' Club; Outing Club 3; Bowling Club 1, 4; Swimming Club 1, 4; Girls' Club 3, 4.

The brook at Bellevue Golf Course is ordinary to the average person, but to Dotty it is definitely important. Probably she realized its importance the first time she slid off a toboggan into its icy waters, and from then on, she was a marked woman. Let's not mention the time she fell in while skating! However, please do not think she is not a good sportswoman, for she bowls, swims, and skates with avid enthusiasm.

EVELYN RITA DONAHUE

"Evie"

Calvin Coolidge School. Freshman Girls' Club; Field Hockey 1, 2, 3, 4; Basketball 1, 2, 3, 4; Baseball 1, 2, 3, 4; Riding Club 1; Outing Club 1; Log Staff; Class Secretary.

There is no need to introduce Evie. She is the girl who always gets to school just in the nick of time. Whether it's on the athletic field, in the grandstand, on the dance floor, or in the class room, Evie always wears her everlasting smile. Evie is an ardent B. C. fan, and her favorite sports are football and hockey. Evie's destination is St. Elizabeth's Hospital School of Nursing.

THE LOG

GERTRUDE J. DOUCETTE

"Gert" "Gertie" "Bangs"

St. Mary's School. Freshman Girls' Club; Hockey 1, 4; Riding Club 1; Girls' Club 3, 4.

We'd really think to look at Gertie that she was in the class of '48 or '50, because all you really can see of her is her dimples. In spite of her scant height, however, she made the first team in field hockey in her fourth year. She was mighty good, too. Gertrude hopes to become a stenographer upon her departure from M. H. S.

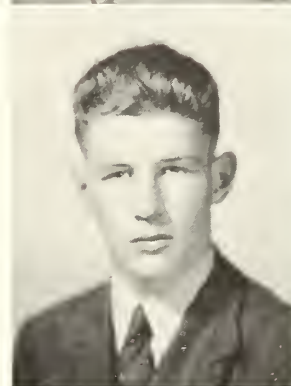

JAMES FRANCIS DRISCOLL

"Jim" "J. F."

St. Mary's School. Football 1, 2, 3, 4; Basketball 1, 2, 3; Hockey 1.

Although he may be small in stature, and shy in his actions, Jim is bad news to any opposing player in his favorite sport of football. His sportsmanship has won him admiration from opposing, as well as fellow players; his election as captain of the Freshman football team proves this statement. Sports are not the only things that stand out about Jim. His naturally curly hair (we'll bet it makes him two inches taller!) is alluring to the girls and is the envy of most boys who are inclined to be slack about combing hair.

FLORENCE M. DUDLEY

"Floss" "Flo"

Lincoln School.

"Short and sweet and oh so neat" is one way to describe Miss Dudley. Florence's glance is straight forward and her smile could be used to light one's way in the darkness. Her ambition in life is to attend Wilfred Academy and to help others achieve beauty and smoothness. Who knows—one might hear of this charming young lady in Hollywood. May success follow Floss in her chosen career.

FRED SHERMAN DYMENT

"Shermie"

Lincoln School.

Fred is a boy who likes all sports, but he sacrifices these by working after school. His winning personality has brought him many friends. His record of attending the grammar school has been very excellent, for he wasn't even absent once. His attendance at the high school was almost as good as his grammar school record. Although he knows many girls, he is very shy and bashful. After graduating, Fred intends to go out into the world and acquire a position as a machinist.

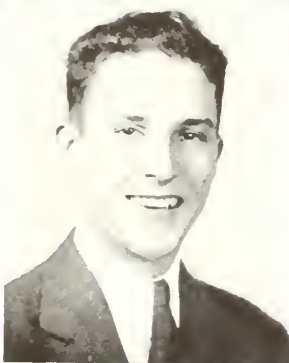

VIRGINIA ELWELL

"Gin" "Ginny"

Last year in January a beautiful blue-eyed lass, newly arrived from Malden High, caused amorous sighs and fluttering hearts among the stronger sex of Melrose. Ginny's cool beauty is enough to excite any number of Clark Gables, but Ginny is aloof and immune to their torrid glances. Although she is fond of swimming, aquaplaning, and ice-boating, Ginny's best interest lies at home. It is there that she has skilled herself in the culinary arts.

LAURENCE W. C. EMIG

"Larry" "Duke" "Jimmy"

Calvin Coolidge School Football 1, 3, 4; Basketball 1, 2, 3.

One of the more colorful personages in the class of 1942 is Larry Emig. Although he does not participate in many school activities, he is well known about Melrose High for his good-naturedness and athletic ability. Larry is the type whose quietness in school might be taken for bashfulness, but his is really far from that. One of Larry's hobbies is collecting pictures of the Boston Red Sox of whom he is an ardent follower. Next year Larry will attend Tilton Academy.

MARY E. ENGLISH

"Polly"

Calvin Coolidge School. Freshman Girls' Club 1; Cloak and Plume 1; Swimming 1, 2, 3, 4; Masque and Wig 2, 3; Red Cross 3; Bowling 2; Girls' Club 3, 4.

An ardent hockey enthusiast, Polly has been seen at nearly all of the Melrose games cheering our team on to victory. Her four years on the team testify to her love for swimming, and she includes among her favorite sports riding, mountain climbing, and skating. Beneath her outward reserve you will discover a friendly and fun-loving nature. After graduating from Melrose High, Polly plans to attend Wheaton College.

PAUL FAHY

"Fish"

Coolidge School.

Paul entered Melrose High School in 1938 as a freshman and immediately became well known and liked. He is known to us all for his cheerful smile and willing disposition. Paul's favorite sport is football with hockey a close second. Radio takes up a good deal of his time, as he is interested in it for his vocation. Upon graduating Paul intends to join the Navy as a radio technician. Best of luck, "Fish."

1942

THE LOG

JOEL FAWCETT

Roosevelt School.

Joe, as he is known to his intimate friends, is a great outdoor man. Hunting, trapping, and fishing are his major interests. As his vocation, Joe has chosen agriculture in which he is intensely interested. He has worked on farms from Canada to Tennessee, acquiring much valuable experience. Joe knows what he wants, and we feel sure he will succeed.

CONSTANCE FELTON

"Connie"

Calvin Coolidge School. Freshman Girls' Club; Cloak and Plume, Secretary; Bowling 2; Masque and Wig 2, 3; Girls' Club 2, 3; Varsity Basketball 1, 2, 3.

Constantly chanting "sittin' in the garden eatin' worms"; repeatedly reacting the part of an angel in several plays; a honey blonde; in summer, a lady of the lake (Champlain); a divine dancer; a "home plate" fan; a dash of temperament—Connie finished her high school career in true actress fashion.

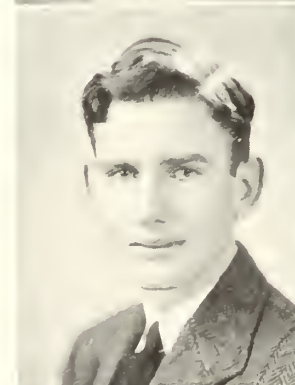

CHARLES WOODBURY FIFIELD, JR.

"Woodie"

Outing Club 2, 3, 4, Corresponding Secretary 3, 4; Ski Team 3, 4, Captain of Ski Jumping Team 4; Hi-Y 3, 4; Rifle Club 2.

Woodie came to Melrose High from Malden in 1938. Since that time he has really made a name for himself in skiing. His winning third place in the Mount Hood Carnival last year showed that he has real ability. Woodie has won many friends through his even disposition and plans to go to New Hampshire University next year.

MARY FISCHER

Roosevelt School. Freshman Girls' Club; Chorus 1; Junior Speakers' Bureau 2; Girls' Club 3; Speakers' Bureau 3, 4, Vice-President 4.

In spare moments Mary can usually be found knitting—that is, when she isn't working on a new oration for the Speakers' Bureau. Possessing a subtle sense of humor, she is the talented author of innumerable literary masterpieces, humorous and otherwise. Although her ambition is to be a ship's librarian, it would not be surprising if, some day, she were to become an author herself. Certainly anyone who has read one of the great Fischer masterpieces will agree, and, after she has majored in English at Wheaton—well, who knows?

1942

MIRIAM FLAGG

"Mimi" "Shorty" "Jim"

Calvin Coolidge School. Freshman Girls' Club; Cloak and Plume; Masque and Wig 2, 3, 4; Junior Speakers' Bureau 2; Outing Club 2, 3.

Miriam is a five-foot-two bundle of joy. She enjoys all sports, but especially likes horse-back riding. Her one desire is to own a farm. In her spare time she collects small glass animals. After finishing school she thinks she will prepare to be a secretary.

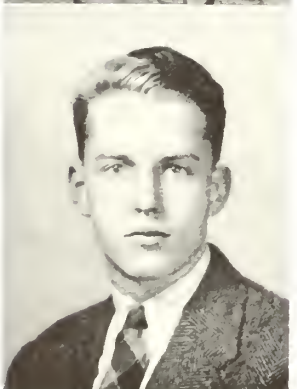

BARBARA FLEWELLING

"Flu" "Barbie"

Calvin Coolidge School. Freshman Girls' Club.

Barbara, commonly known as "Flu" by her friends, has spent her four years of high school in the College Preparatory Course. Although she is not quite certain where her main interest lies, she will probably follow in her sister's footsteps and enter Burdett College. After college she hopes to enter the business world where she is sure to become an efficient secretary.

ARTHUR EUGENE FLINT

"Art"

Whenever there is a job to be done in the Outing Club or other activities to which he belongs, you can always depend on quiet, good-natured Art Flint to be on hand. During the winter months, Art can usually be found on the Ski Trails. He has a fine reputation as a downhill and cross-country skier. When the snow disappears, his thoughts turn to tennis. The University of New Hampshire is Art's next step.

MARJORIE FORREST

"Marge" "Midge"

Coolidge School. Cloak and Plume 1; Chorus 1, 2; Swimming 2, 3; Girls' Club 4.

Marge is very athletic and very ambitious. She always has some witty remark which gives her a twinkle in her eye, and a pleasant disposition that is hard to ruffle. Marge is going to continue her education this fall, but just where has yet to be decided. Marge's favorite hobby right now is collecting the most horrible, but funny, snap-shots of her friends.

With the University of Maine as his future alma mater, Fish has decided to become an engineer. He's an excellent skier and an ardent lover of fishing and hunting. After graduation he'll move to Hampden, Maine, until his college career is completed. Seldom seen without a member of the fair sex, he walks about school taking giant strides, with a grin covering his face.

VERA FRANSON

"V"

Freshman Girls' Club; Bowling 3; Girls' Club 3, 4.

Vera came to Melrose High from the Malden Beebe Junior High School. During her last year Vera was a faithful rooter at the hockey and football games. A typist for the Imprint, she could always be found in 211 on every other Monday night. She is a member of Girls' Club and Rainbow, and upon leaving high school, she plans to attend a business school.

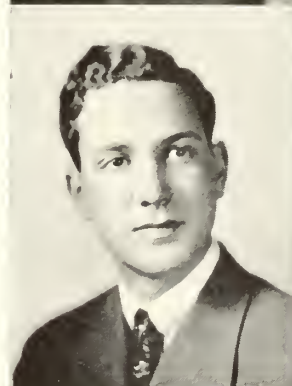

ROBERT K. FRANZ

"Fritz" "Bob" "P-4"

Lincoln School. Band 1, 2; Speakers' Bureau 3.

Although not particular active in school sports, "Fritz" spends most of his time playing hockey, football, or baseball. He has taken an active part in the newly-formed "Packers" playing football and hockey. Bob plans to attend a forestry school for the instruction of forest rangers. I am sure that our government will find him capable of protecting the vast timberlands of our mountain ranges.

CHARLES EDWARD GALVIN

"Charlie" "Chucker"

Calvin Coolidge School. Basketball 1, 2, 3; Band 1, 2, 3, 4; Orchestra 1, 3, 4.

Charlie is a leading figure in the school because of the good natured beatings he takes from "the gang." He is a well known expressman around Melrose and can be seen using his 185 pounds of muscle to good advantage. Although he is not a studious person, Charlie gets good marks. In the future you may expect to see him wearing the blue of the United States Navy.

HELEN L. GARLICK

"Heinie"

Calvin Coolidge School.

Take a subtle sense of humor; add a normal share of serious thought, and a love for traveling, skating, and tobogganing to a natural inclination towards mischief and you get—that's right, it's Helen, of course. If, perchance, you should see some one who looks like Helen in Montreal, Rochester, N. Y., or in the state of New Jersey, don't be surprised, for she often visits these places.

WILFRED S. GARVEY

"Will" "Joe" "Garvengo"

Everett. Outing Club 3, 4; Hi-Y 3, 4; Biology 4.

Who is that fellow with the winning smile and hearty laugh? That is "Joe" Garvey! His keen sense of humor and cheerful disposition at all times have won for him a host of friends. In the summer "Joe" can be found at Mt. Hood displaying his abilities sending a golf ball whizzing through the air. Next year we expect "Joe" to be at Boston College.

BARBARA A. GEORGE

"Barb" "Georgie"

Calvin Coolidge School. Freshman Girls' Club; Bowling Club 2; Girls' Club 3, 4; Greek Club 4; Crafts Club 3, President 4; Chorus 1.

Lincoln School. Freshman Girls' Club; G. L. A. Board 1; Swimming 1, 2, 4; Girls' Club 3, 4, Vice-President; Varsity Hockey 3, 4; Bowling 3; Crafts Club 4.

Sylvia, that little auburn-haired bundle of energy, who played right wing on the varsity hockey so famously, has won admiration from all of us for her winning personality, cheerful disposition, and ability as a skillful basketball as well as hockey player. Simmons will be fortunate to have Sylvia as a freshman next fall.

THE LOG

ELEANOR M. GIBBONS

"Al" "Gib" "El"

Lincoln School. Freshman Girls' Club.

If you feel someone dashing by you in the hall, and when you look you do not see her, and when you listen you can not hear her, then it is Eleanor. This little mouse intends some day, in a nurse's uniform, to trip as lightly down the corridor of either the Massachusetts General Hospital or the New England Baptist Hospital. Al's hobby is her dog, Skipper, and she enjoys all sports, especially skating, tennis, and badminton.

CHARLOT L. GILBERT

Calvin Coolidge School. Freshman Girls' Club; Girls' Club 3, 4; Bowling Club 2, 3, 4; Crafts Club 3.

The "eyes" have it. Charlot's sparkling brown eyes highlight her vivacious personality and her friendly disposition. She always looks as if she has just stepped nonchalantly from a page in "Mademoiselle." During the summer much of her time is spent in perfecting her golf and tennis. In winter she frequents the slopes of New England on skis. Charlot plans to continue her education at Wheaton where a liberal amount of success and friends will assuredly be hers.

ALLEN L. GILES

Roosevelt School. Cloak and Plume 1; Orchestra 1, 2, 3, 4; Band 1, 2; Hi-Y 3, 4; Tennis 3, 4; Music Appreciation 4.

Al is well-liked by his classmates and is well-known by everyone for his fine piano playing. Music is his dominating interest, but, although he practices several hours each day, he manages to find time for tennis, dancing, and other activities. His excellent scholarship has placed him on the Honor Roll during most of his High School career and on the High Honor Roll for part of his senior year. After graduation Al plans to attend the Music School of Boston University.

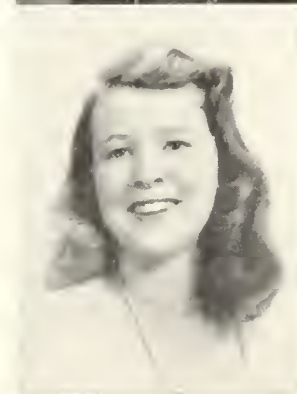

BARBARA GILES

"Barb" "Speed"

Calvin Coolidge School. Freshman Girls' Club; Bowling Club 2, 3, 4; Outing Club 3; Crafts Club 3; Girls' Club 3, 4; Varsity Basketball 1, 2; Varsity Field Hockey 1, 2, 3.

A speck, but—oh my! Yes, a speck of cheery, unassuming, brightness which classrooms, corridors, and colleagues find so welcome. Whether knitting one and purling two in spare moments, or taking her place as one of our more rabid ski enthusiasts, this condensed package of helpful, fun-loving friend is always right there.

MURIEL V. GILES

"Bunny" "Honey"

Calvin Coolidge School. Freshman Girls' Club; Homeroom Basketball 1, 2, 3; Homeroom Field Hockey 1, 2; Bowling Club 2, 3; Outing Club 2, 3; Glee Club 1, 2, 3.

No need for Bunny to read "How to Win Friends and Influence People," as she is a past master of both. This tall, blond, and handsome girl is an enthusiastic hockey fan, who showers most of her "hurrahs" on the Bruins during the winter months. In the good summertime she vies with the dolphins at Dennisport. Bunny has not made any definite plans for the coming year, but there will be a great many who wish her the best of luck in whatever she elects to do.

LAWRENCE F. GILLIGAN

"Larry" "Gill" "Sunshine"

Calvin Coolidge School. Baseball 1; Basketball 1; Football 1, 2, 3, 4.

Presenting, fellow classmates, that unassuming, congenial, fun-loving lad, Larry Gilligan. Larry has a particular love for athletics. He always reads the sport pages carefully. Gill has won many friends and is enjoyed as company, particularly by the fair sex. He has always had a keen interest in aerobatics and may attend an aviation school in the future.

MARTHA R. GILLIGAN

"Gillie" "Sis"

Calvin Coolidge School. Varsity Basketball 1; Freshman Girls' Club.

Martha is one of the small brunettes who has a very fascinating personality. Although she has not participated in very many sports at school, she likes to go bowling, dancing, roller skating, and walking. She is very amicable and is lots of fun. Gillie's great ambition is to either be an office worker or a telephone operator, and with her personality we know that she will ascend the steps to prosperity.

GORDON Q. GLOVER

"Hook" "Old Pew"

Calvin Coolidge School. Football 1; Hi-Y 3, 4; Outing Club 1, 2, 3, 4; Speakers Bureau 4; Ski Team 3, 4.

Don't let the superior length of Hook scare you, for we all know that he is probably the best-natured, happy-go-lucky fellow in the school. Hook has not been in many of the school activities; however, he has worked hard in every one that he has been in for the success of that club activity. His ambition upon graduation is joining the Air Cadets. I am sure that we will all remember his forlorn cry of "Don't Leave Old Pew", as we will remember his lingering along nonchalantly behind the crowd when they are in a hurry.

THE LOG

BARBARA LUCILLE GOODWIN

"Barb" "Goody"

Roosevelt School. Cloak and Plume Society; Freshman Girls' Club; Masque and Wig 2, 3, 4.

A generous, genial, gay girl is Barb, who has great enthusiasm for hockey and records. Every party looks to her for animation and laughter. Her exuberant spirit is like a glass of ginger ale which continually bursts into merry bubbles. In her more serious moods she is most sympathetic and confident. Barb is loyal to the right, and champion of the best.

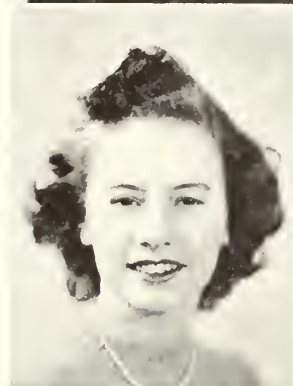

JOSEPHINE EMILY GOODWIN

"Jo" "Dottie" "Josie"

Beebe Junior High School Malden. Girls' Club 3, 4; Bowling Club 4.

Jo came to Melrose High in her sophomore year, and before very long we saw her in the highlights in both her studies and in sports, her most outstanding sport being ping-pong. Jo is known throughout the school for her clever wit. We know that she will be just as popular at Simmons, where she intends to spend the next three years studying social work.

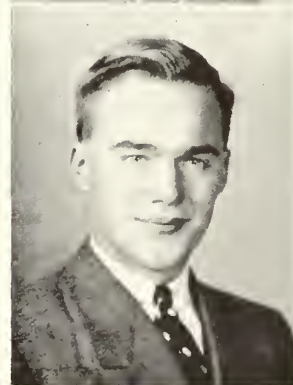

DONALD B. GRAF

"Don"

Ring Hockey 3; Homeroom Basketball 4.

Don came to us from Revere High School in his Junior year, but we can't hold that against him. A broken ankle ended his hockey and football career at Melrose. Don has won a host of admirers of both sexes. Don plans to enter Northeastern in the fall, and the class of 1942 wishes him all the luck in the world!

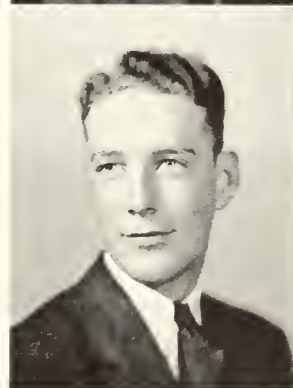

ALAN L. GRAHAM

"A. G."

Roosevelt School. Band 2, 3; Orchestra 2; Imprint 3, 4; Sports Editor 4.

Who is that dashing Don Juan with a word for all the ladies? Why of course! It's Allan Graham, the school's Casanova. However, the accomplishments of "A. G." have not been confined entirely to social life. He has been an honor student in his four years of high school and has succeeded in securing an appointment as an alternate to Annapolis. He has, however, arranged to attend M. I. T. in the event he fails to receive and actual appointment to the academy.

1942

ROBERT GRAHAM

"Bob" "Bobo"

Lincoln School. Hockey 2, 3; Baseball 1; Hi-Y 4.

Bob is the typical, good-natured, and good-humored student of Melrose High School. Known well for his fine sportsmanship and cooperation, he supports with unsurpassable energy everything in which he takes part. He likes good competition and belittles no opponent. His spare time is taken up with the piano, which he plays with admirable gusto. A better-than-average student, Bob intends later to join the air force. Hats off to a future pilot!

FLORENCE J. GREENLAW

"Foo"

Calvin Coolidge School. Music Appreciation Club 4; Chorus 1, 2, 3, 4.

Everything Florence says, and everything she does, is in some way associated with the Navy. Foo not only collects navy pictures, wears nautical jewelry, and knits for our blue jackets, but she can answer any kind of questions about our fleet. Because Florence cannot enlist upon graduation, she intends to enter the business world.

CLAIRE GUILD

"Jiggs"

Roosevelt School. Secretary of Class 2; Varsity Field Hockey 2, 3, 4; Varsity Basketball 2, 3, 4; Class Basketball 1, 2, 3, 4; Class Hockey 1, 2, 3, 4; Bowling Team 1, 2; Girls' Club 2, 3, 4; Imprint 3; Biology Club 4; Secretary 4; Inter-Class Meet 1, 2.

Fortunate enough to have her own tennis court, Claire finds it is only natural that her chief interest lies in the field of sports. She not only engages in the game of tennis, but also plays a good game of basketball and field hockey. Aside from sports, Claire is interested in nursing, and is going to become a member of this worthy profession.

CARL F. GUSTAFSON

"Gus"

Calvin Coolidge School. Camera Club 2; Junior Air Raid Warden 4.

Gus is a quiet and pleasant fellow. Never does an occasion pass that Gus does not greet you with a friendly salutation and a big, blooming smile. He is interested in cameras and machines. In his leisure time he is at some machine, taking it apart or putting it together. Carl desires and intends to work at machines, especially in some branch of defense work.

DOROTHY HAGEN

"Dot" "Dotty"

Calvin Coolidge School. Freshman Girls' Club 1; Field Hockey 1; Basketball 1, 2.

Dot has come to us in high school as a person who is well-liked and always ready to smile. She has been successful in everything she does, and has joined in several activities which have won her many friends. There are things she likes to do especially well, they are, swimming, dancing, and skating. Whatever Dot's career may be, we can be pretty sure that she will be successful as the years go by.

PRISCILLA J. HALLAM

"Priscy" "Pussy"

Saugus High School. Girls' Club 4; Crafts Club 4; Senior Speakers' Bureau.

Coming to Melrose in the middle of her Junior year from Saugus High School, Priscilla found no trouble in quickly making a host of friends. Some people may think she is quiet, but to those who know her better she is a bundle of fun and wit. Pussy is fond of all sports, especially skiing, swimming, and dancing, and spends her leisure time playing the piano and sewing. Priscy's plans for the future are uncertain but she intends to continue her education after graduation.

JANE HANNAFORD

"Janie"

Craft Club 3; Music Appreciation 4; Girls' Club 3; Chorus 1, 3, 4.

This artist, who is a former "New Yorker," came to us in the middle of her freshman year. She is very much interested in music and collects records for a hobby. Everyone she meets is greeted with a "hi" and that "smile." Perhaps you know her by her ultra modern glasses which she wears as she sketches and studies. We are sure that she will fulfill her heart's desire and become a prominent artist.

NANCY L. HANSON

"Nance"

Calvin Coolidge School. Bowling 1; Freshman Girls' Club 1; Swimming 1, 4; Junior Red Cross Club 2, 3; Treasurer 3; Red Cross Delegate 2; Girls' Club 3, 4; Log Staff 4.

The girl with the twinkle in her eye and the understanding smile—that is Nancy Hanson. She is always on the go, either playing a fast game of tennis, dancing, or knitting for the Red Cross. Equal to any task is Nancy, especially selling tickets, and if you ever want to hear a news report from a good commentator, go to her. Undoubtedly Nancy will reach great heights some day, because she has been living on them for seventeen years.

LORRAINE HARNEY

"Lorry"

Roosevelt School. Red Cross 1, 2; Bowling 2; Freshman Girls' Club; Girls' Club 3, 4.

Lorraine is often found reclining in an easy chair while reading a good book or perhaps listening to an opera. In contrast to this is her dominating interest in law. She plans to become either a legal secretary or a lawyer. To complete the picture she is now helping out in defense work through the activities of the Girl Scout Mariners.

WARREN HARRIMAN

"Harry"

Coolidge School. Camera Club 3.

"Harry's" chief interest in life lies in the field of sports. He can be found at almost any event, no matter what the season. Hockey, however, has the highest ranking in Warren's estimation. And yet, all through the winter he prays for the vacation, so that he can be at Lake Winnepesaukee. Last summer he could be found working behind the counter at the hotel at the Weirs. However, for a permanent occupation "Harry" hopes to obtain a position in a Boston bank.

KENNETH J. HARROW

"Ken" "Kenny"

Calvin Coolidge School. Rifle Club.

This dashing Caballero always is ready with a smile and a Hi-Yah! for boys and girls alike of the Red & White. Ken has two outstanding hobbies, one of which is wood work, and the other is dancing. During winter, you may find Ken blissfully gliding over the ice, and in the summer, Ken takes to water like a duck. After leaving school, Ken is going into business as a clerk or an accountant. Here's to your future, Ken.

ROBERT W. HATCH

"Bob" "Farmer" "Footsie"

Roosevelt School. Hockey 1; Baseball 1, 2, 3, 4; Football 1, 2, 3, 4; Basketball 2, 3.

Yes, he's the fellow you saw last fall on the gridiron, calling all the plays and doing a grand job of blocking and running. Bob is president of the Melrose order of Alpha Delta Sigma. He has participated in many sports throughout his high school career and has made a good name for himself. He plans to be a social worker when he graduates. If he handles his work as well as he handles a football or baseball, I know he will be a success.

THE LOG

JAMES M. HERD

"Sandy" "Scotty"

Andrew Jackson High. Baseball 1, 2, 3, 4; Basketball 1, 2, 3, 4.

During the month of April in the year "41" Melrose was honored by the arrival of a little, bashful, Scotch lad, who later turned out to be one of our foremost basketball players and an all around sport. Scotty plans to become a business executive and if he is as good at business as he is in making friends, he will be on top in no time.

MARIE HERMANN

"Hermie"

Calvin Coolidge. Freshman Girls' Club; Crafts Club 3; Girls' Club 3, 4; Music Club 4; Greek Club 4.

"Hermie" enjoys all forms of sports, particularly riding, sailing, or archery. Past summers she attended Sargent Summer Camp at Peterborough, New Hampshire. This fall she intends to take up dietetics at Boston University. She will make many friends as she has a pleasing and congenial disposition.

MARIAN JANE HICKEY

"Mimi" "Hick"

Calvin Coolidge School. Freshman Girls' Club 1; Riding Club 1, 2; Junior Speakers' Bureau 2; Speakers' Bureau 3; Ski Team 4; Biology Club 4.

You have probably seen her riding on the bridle-paths; you may have seen her impersonating Carmen Miranda; or, surely, you have seen her skiing on Melrose slopes.

In the future you may see her ready for work as director of a famous production; you may see her as the petite hostess of an airliner; or, as is most probable, you will see "Mimi" wearing her usual smile, and dressed in the white of a Registered Nurse.

FRANK H. HILL

"Speed"

Calvin Coolidge. Football 1, 2, 3, 4; Hi-Y 3, 4; Outing Club 3, 4; Track 3, 4.

Among his other accomplishments, we find that he is quite an accomplished skier. His ready smile and good spirit have won him many friends. Frank hopes to follow in his father's footsteps as a news photographer after graduation.

1942

SHIRLEY I. HILL

"Vicky"

Swimming 2, 3; Bowling 3; Girls' Club 4.

Entering from Browne Junior High in her sophomore year, Shirley has won many friends. Bubbling with fun and personality, she is the joy of every party. Dodging through traffic with no time to spare is her frequent pastime. Shirley enjoys horseback riding and photography. She did not participate in many sports, but she was an ardent supporter of all of them. Shirley will be a great success when she enters the business world.

ILA HOBBS

Roosevelt School, Freshman at Tonawanda, N. Y.

Girls' Club 3, 4.

I—n this fair picture, it would be hard to find a
L—ikeness more true of this friend of mine.
A—s hockey fans know, she is one of the best,

O—f hot dogs and cokes she has had her share,

"Judy" "Lou" "Snuffy"

Roosevelt School. Chorus 1, 2; Orchestral 1, 2, 3, 4; Girls' Club 3, 4; Cloak and Plume; Masque and Wig 3; Outing Club 2; Operetta 4; Music Appreciation Club 4.

As refreshing and as popular as a coca cola on a hot summer's day—that's Judy! As active as the model in a vitamin pill advertisement book—that's Judy—for in summer, she slams the covers off tennis balls with agile grace and skill. Playing the violin relaxes her, and she plans to become a permanent waver in the hairdressing business.

H. MELVILLE HOLMES

"Chick" "Mel"

Richmond School, Danvers.

This fair-haired lad came to dear old M. H. S. from that little Richmond School in Danvers. When he comes smoothly down the corridor on those long lanky legs and his head bobbing about on his shoulders, he resembles that old character in "The Legend of Sleepy Hollow", Ichabod Crane. That's how he got his nick name. As he walks with his friend Ducky, who is tall and rather wide, he looks like a shadow. Mel has not decided on his life ambition after graduation.

1942

THE LOG

RUTH CAROLYN HOLT

Poise, pep and personality—that's "Rudy". This versatile young miss will keep you well amused with her clever repartee. Her chief interests within school lie either participating in or managing sports, and, outside of school, in Rainbow.

ETHAN C. HOPKINS

"Chuck"

Westerly High School.

Chuck entered Melrose High School in the fall of 1941, as a senior, from Rhode Island. He has not had much time to participate in school activities although his chief interests are canoeing, hunting, fishing, skiing, and target shooting. He is still looking for a target with a large bullseye. Although Chuck is quiet and unassuming, he can take his place with the best of mischief makers. He plans to continue his education at a school of mechanical engineering.

MARJORIE HORNE

"Sugar" "Butch"

Gould Academy, Maine. Girls' Club 3; Masque and Wig 3; Swimming 3.

This tall blond "bombshell" entered M. H. S. with a smile and cheery greeting for all. Her enthusiasm for life was soon realized and gained her many friends. Margie's favorite sports are skiing and swimming, and at present her pastime is writing to Jefferson Barracks, Missouri. Our "bombshell" wants to become a John Powers model.

DONALD R. HOWE

"Don"

Calvin Coolidge School. Football 1.

Don is one of the few fellows in school who are talented in the art of drawing. He hopes to get a position with General Motors, as a designer, when he graduates from high school. Since he has an imaginary mind for new styles in cars, I am sure he will be able to succeed in securing the position. We are all with you, Don, so, good luck.

1942

BARBARA HUSSEY
"Barb" "Huzz Fuzz"

Theodore Roosevelt School. Freshman Girls' Club; Basketball 2, 3; Field Hockey 2; Girls' Club 3, 4; Bowling Club 1; Biology Club 4.

Barb, because of her quite nature, seems distant at first, but she is quite different when you know her. She is a good sport and full of fun. In the summer, Barb can be found sailing on Buzzards Bay; in the winter, she enjoys skating. Beside her interest in sports, Barb is fond of science, in which she plans to increase her knowledge at college next year.

ALYCE H. HYDE
"Hiede"

Calvin Coolidge School. Red Cross 1, 2; Camera Club 2; Biology Club 3; Glee Club; Operetta.

A vivacious and witty blonde with an eye for the niceties of life is an apt description of this dynamic person. Her activities during her school years have been for her advancement. In the future, she plans to become a nurse and when we close our eyes, we can see her in her uniform as crisp as a spike of white hyacinth. Symmes Arlington Hospital is her destination for training.

WILLIAM H. JOHNSON
"Bill" "Lid"

Malden High School. H-Y 3, 4; Football 2.

Bill is somewhat of a newcomer to Melrose High, having arrived in his Sophomore year from Malden. His favorite subject in school has been study periods. Bill has a very popular hobby, that of building model airplanes. Upon completion of High School, he plans to enlist in the Submarine Service.

EDWIN J. KANE
"Killer" "Big Ed" "Bubbles"

Roosevelt School. Football 1; Baseball 1, 3; Basketball 3.

"Killer" is easy to spot anywhere, the reason being that he is 6 ft. 1½ in. of man, with an abundant supply of blistering red hair. An ambitious Melrosian, he attends night school at the General Electric plant in Lynn, studying Plastics. Although "Killer" has given surplus color to M. H. S., he has been on the credit list frequently. He is a rabid sports fan, and takes active part in many. His future plans are to attend Northeastern College.

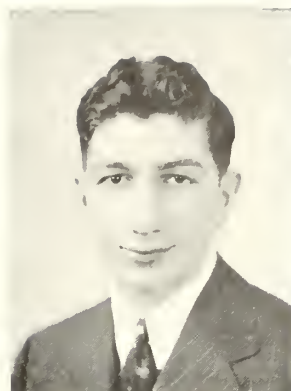

THE LOG

GABRIEL KAYARIAN

"Gabe" "Hikey"

Roosevelt School. Cloak and Plume 1; Masque and Wig 2, 3, 4; Christmas Play 2, 3, 4; "The Bat" 2; Imprint 3; Model Railroad Club 4, President.

If, in passing Mr. Carney's room, you ever notice a silent pause inside, you can guess, and probably be right, that he is counting ten after Gabe has offered one of his witticisms. Gabe is indeed remarkable for getting in the last word. For his wit, geniality, and excellent scholastic ability, Gabe will be long remembered by all his fellow students.

SUSAN E. KELLEY

"Sue"

Schenectady, New York. Operetta 3; Music Appreciation Club 4; German Diction 4.

A lover of music, Sue was a member of the orchestra, glee club, and choir at Nott Terrace High School in Schenectady, before she came to us here at the beginning of her Junior year. Her ambition is to become a public-school teacher. Even though she spends much of her time knitting, playing the violin, and working at the Melrose Hospital, she has kept herself on the credit or honor list.

VERNA M. KENNISTON

"Blondie"

Roosevelt School. Orchestra 1; Bowling Club 1; Varsity Field Hockey 2, 3, 4; Freshman Girls' Club; Girls' Club 3, 4; Corresponding Secretary 4.

With equal enthusiasm Verna plays a hard game of hockey, or whips up a delicious chocolate cake. In her spare time she produces beautifully designed sweaters or mittens. Her most cherished possession is a little stuffed monkey which occupies a very special place on her dressing table. She has a quiet energetic nature which enables her to accomplish more in less time than the average person. Next year she will attend Colby Junior College, where she plans to take up secretarial work.

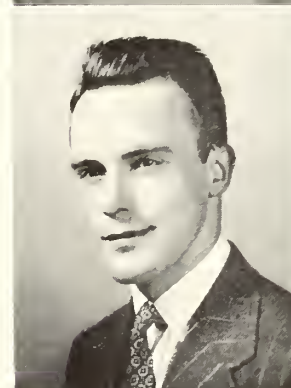

GEORGE T. KIDD

"Geo" "Jockey" "Jo-Jo"

Roosevelt School.

Jo-Jo exists solely on his keen wit and satirical nature together with a mind retentive of humor. He has among his pastimes dancing, bowling, hunting, and canoeing, of which the latter is the most important. Geo's understanding of the fairer sex explains, no doubt, the unusual amount of his success in their company. With these social and personal qualifications, we feel sure that Geo will work his way high into the ranks of the Merchant Marine.

1942

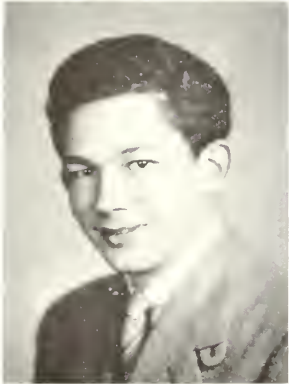

BARBARA KINGSTON

"Barb"

Roosevelt School. Cloak and Plume; Girls' Club 2, 3, 4; Masque and Wig 2, 3; Biology Club 4.

Barb's calm exterior is really misleading. At heart, she is a devotee of barn-dancing, who capers to the tune of "Nellie Gray"; a high ranking archer, who well merits the pins she has won; a promising actress, with three-years' participation in dramatics to her credit; a gentle nurse-to-be, who will later be found at Russell Sage; a fast French conversationalist, a busy biologist in other words, a real American girl. You don't know her? You should!

EUGENE L. KNIGHT

"Gene" "Knightie"

Calvin Coolidge School.

Gene is the kind of a fellow who is always on the go. He likes to dance and is a very good ping pong player. Gene can usually be found around the dance halls. He did not participate in athletics while in his four years in High School. Gene plans to join the army or to be an aviation mechanic. We know he will be a success.

HENRY KRUEGER

"Hank" "Heinie"

Beebe Junior High.

Hank was very quiet in school affairs, not participating in any sports or activities, but he has acquired many friends in the three and one-half years he has been in Melrose. Heinie is one of the many pupils from out of town, and he has become very well acquainted here. Henry is very much interested in becoming a Certified Public Accountant after graduation.

NANCY LANGLEY

"Nan" "Lee"

Calvin Coolidge School. Girls' Club 3, 4; Swimming Club 1, 2; Bowling Club 1, 2; Chorus 1, 2; S. A. T. Office 2, 3.

This rabid hockey fan is not planning this sport for a profession; she is training to become a secretary. "Lee" is also interested in tennis and may be seen on hot summer days kicking up the dust on the tennis court. Her quiet but pleasing manner will aid her in becoming a model secretary.

THE LOG

ELIZABETH E. LARSON

"Bette"

Lincoln School. Girls' Club 3, 4; Red Cross 2.

Bette's fun-loving nature, cheery smile, and individuality are the envy of many. She did not participate in many school activities because of outside interests. Whenever or wherever you see Bette, look closely and you'll see Irene with her, for these two are inseparable. She plans to enter the business world after graduation.

PHYLLIS L. LAU

"Phyl"

Calvin Coolidge School. Girls' Club 3, 4; Imprint 4.

Phyl is one of our classmates never to be forgotten. She has won many friends with her pleasing personality and good disposition. Although Phyl is one of the quieter members of our class, she can always be counted on to contribute her share of fun wherever she goes. Phyl is headed for a business career, but she may extend her education with a course at Burdett College.

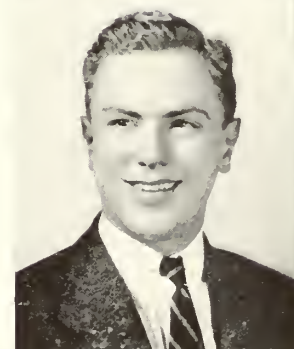

ABBOTT L. LAUGHTON

"Bud" "Porgie"

Athol High School. Basketball 3; Ring Hockey 3, 4; Hi-Y.

Bud came to us in his junior year a slightly bewildered lad from the wilds of Western Massachusetts. However, it didn't take long for his disarming grin and cheerful disposition to make him one of the most popular boys in his class. Deep inside Bud has a yen for the open sea, and he plans to further his education and satisfy this desire at the same time by enrolling on the Nautical Training Ship, where we are sure he will be a great success.

ROBERT W. LAWRENCE

"Bob"

Coolidge School. Football 1, 2, 3, 4; Hockey 1; Ring Hockey 3, 4; Hi-Y.

Bob is best remembered as a good-natured, easy-going sort of fellow who is a friend to everyone. He possessed a wonderful sense of humor, and was the cause of many laughs which echoed through the corridors. In his four years at Melrose High he has taken active part in sports both as a spectator and participant. After graduation, Bob plans to enter an engineering school.

1942

ROBERT LEARNARD

"Bob"

Coolidge School. Football 1, 2; Cross Country 4.

With a sunny disposition, a keen sense of humor, and a basic understanding of sciences, Bob has successfully passed the rigorous requirements of M. H. S. His leisure time is taken up in hunting and shooting game. Although Bob isn't a lady's man, he can judge the girls just as efficiently as any of the other lads of M. H. S. Bob has enlisted in the navy and we are sure that he will uphold the navy tradition as well as he has upheld the standard of M. H. S.

She is also recognized for her part in the chorus in several of the school operettas.

NEWTON E. LEE

"Newt" "Lee"

Calvin Coolidge School.

Newt came to Melrose in 1935 from Malden. He likes to bowl, swim, and play golf. "Lizzie"

Calvin Coolidge School. Vice President 2, 3, 4; Freshman Girls' Club, President; Bowling 1; Class Basketball 1, 2; Varsity Basketball 3; "Nuntius", Editor 2; Girls' Club 3, President 4.

Harriet is our idea of an all-round girl. All her distinctions have come to her by her outstanding abilities and were won by sheer merit. An honor student, an athlete, a leader, and a grand pal, she has been richly endowed with friendships both in school and out. A sympathetic friend and a true sport, Lizzie will brighten the paths of many as the years pass by.

THE LOG

ROBERT E. LEMONT, JR.

"Bob" "Shorty"

Newton High. Track 4.

Bob is our tallest class-mate. He towers six and one-half feet into the upper atmosphere. He came to us in his sophomore year, a total stranger, but he gradually became better known with the aid of his fine sense of humor. That uproar often heard in the corridor is very likely Shorty laughing, or maybe he has brought a few snakes to school. After Melrose High allows him to leave, Bob plans to attend The Stockbridge School to become a dairy-man.

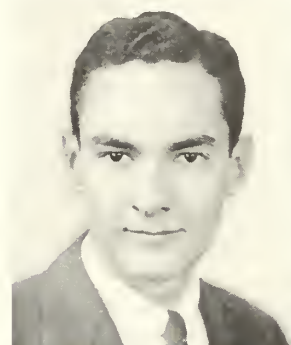

ROBERT W. LENTILHON

"Bob"

Roosevelt School. Cloak and Plume 1; Junior Speakers' Bureau 2; Masque and Wig 2, 3, 4; Speakers' Bureau 3, 4; Cheer Leader 3; "What A Life" 3; Euclidean Society 3, 4; "A Connecticut Yankee in King Arthur's Court" 4.

The above list of activities shows that Bob is not the type who would be happy if he were forced to retirement. Always doing something, always going someplace—that's Bob. After leaving Melrose Bob would like to enter Harvard. We probably will find him back here some day teaching Math to the children of some of his old pals.

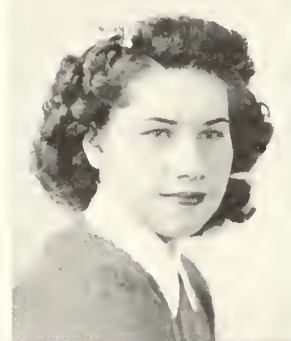

SALLY LEWIS

"Sal"

Theodore Roosevelt School. Chorus 1; Freshman Girls' Club 1; Biology Club 4.

Begin with a base of good-sportsmanship, level-headedness, and frankness, add honesty and a never-failing sense of humor, and you have Sal. Sailing and golf are Sally's favorite sports, and her level-headedness makes her excel in both. It is difficult to say whether Sal's interest in science sprang originally from her experience raising bantam chickens or from raising fruit flies in Biology Club, but she plans to study science next year at a junior college.

JOHN LIGHT

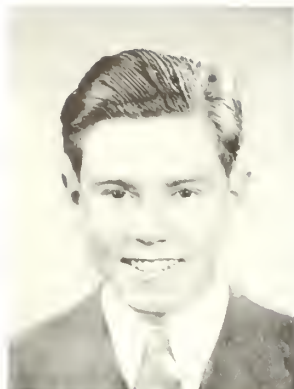

"Johnny" "Jack"

Calvin Coolidge School. Lens and Shutter 2, 3; Imprint 3.

Johnny possesses a genial personality, which accounts for his large number of friends. That a camera is all that is necessary to keep him busy, is shown by the fine work which he accomplished as a member of the Lens and Shutter Club. For diversion Wesley beats out rhythm on his drums for a near-by orchestra. He is a loyal M. H. S. supporter and spends much of his after school time in carrying his friends about in his car. Wes's ambition at the present time is to get a set of new tires.

You all know that contagious laugh, those sparkling eyes, and vitamin A-1 personality, wrapped in a small package labeled Listy. Only five feet tall, goalie Liston "swung a mean stick" on the field hockey team, letting the ball enter her net just once this season. Her love for sports is surpassed only by her knack for getting into trouble.

LEONARD LOCKE

"Len" "Red" "Lenny"

Roosevelt School. Class President 2; Cross Country 2, 3, 4; Baseball 1, 2, 3, 4; Basketball 1, 2, 3, 4; Ring Hockey 3, 4; German Club 4.

Len is one of those Highland lads who is usually prominent in social affairs. Coupling good grades with his natural athletic abilities, Lenny has become an illustrious member of our class. His casual and unassuming manner goes well with his subtle humor. Because of the strong character embedded beneath this film of casualness, Leonard will become master of whatever he undertakes.

JOHN H. LONG

Her fondness for horses keeps her in the wide open spaces. She likes summertime best, and has enjoyed vacations in New York, New Hampshire, and Marblehead, but Cape Cod has captured her heart. She spends much time bowling, skating in the winter, and swimming and playing tennis during the warmer weather. After graduation she intends to do secretarial work.

H. HOLDEN MacDONALD

Roosevelt School. Band 1, 2, 3; Orchestra 1, 2.

Anyone would be in a quandary as to what to write about Mac. No, Holy, quandary is not related to laundry. "Corn" like this seems to be one of Holy's noticeable attributes, outside of the "sax", on which he can play a mean tune. Eight years hence Mac will have the upper hand—and all his fellow students who have not laughed at his puns had better not go to a dentist whose name is MacDonald. As all know, Holy is of Scotch descent and probably the sign at his office will read, "Double Extraction—Your Money With Your Teeth."

ROBERT F. MacDONALD

"Bob" "Mac"

Gardiner High School, Maine. Band 1, 2; Hi-Y 1; Orchestra 1, 2.

Mac came to Melrose High this year from Gardiner, Maine, spending his first and second year in Gardiner High, his third year in Wakefield High and his last year in Melrose High. While a member of the band and orchestra in Gardiner High, as the trumpet player, he had the opportunity on several occasions to act as the leader. Although a music fan, he has hopes of becoming a dramatic critic in later years.

ARTHUR CHARLES MacKENZIE

"Mac" "Art"

Malden High School. Rifle Club 3, 4, Treasurer 3, President 4; Cross Country 3; Railroad Club 4, Secretary 4.

Seeing the error of his ways, Mac bid adieu to Malden in '39. About six months after his arrival he showed his loyalty for his adopted Alma Mater by helping defeat the Malden Rifle Club, of which he had been a member, for the first time in fifteen years. He has successfully followed the technical course while keeping up with his hobbies of dancing and reading. As he is undecided about the future, we can only wish him luck.

THE LOG

HARRY L. MacKINNON

"Finn" "Mac"

Although he did not participate in school activities, he has always been extremely fond of sports. Finn is undecided as to what he will do in the future, but he is very interested in agriculture. Don't become too enthused about this subject, Harry, because you will probably be serving "Uncle Sam", before many months.

The girl with the big smile, that's Anna. When one asks Anna what she likes to do outside of school, it is always tennis, bowling, and skating. Many of us know that she belongs to Mt. Hood Figure Skating Club. Sharpen your skates, Anna and let's see you cut that ice! Anna, aside from her fond desires for sports, wants above all, to be a teacher. She plans to attend Boston University.

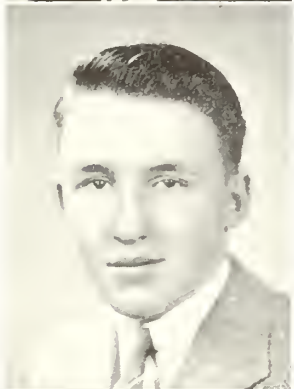

WILLIAM S. MANN

"Bill" "Willie"

Roosevelt School. Band 1; Model Airplane Club 1, 2.

Bill's sincere and helpful attitude in his associations with people of various ages and interests previews a successful career in the future. Ingenuity and industry are displayed in everything he undertakes, but outstanding is his achievement in the completely outfitted woodworking shop in his cellar. Possibly Bill will apply his knowledge of business and his natural interests to efficiently running the family's farm in Maine, where he has already learned the fundamentals of farming.

PEYTON MARCH

While his scholastic achievements have not been outstanding, they are thoroughly satisfactory and are envied by not a few. In spite of his heavy curricular schedule, he has found time to participate in various school activities, at which he is as capable as the next man. His spare moments are taken up by fishing and hunting, at each of which he is an efficient sportsman.

MARTHA MARCHANT

Roosevelt School. Vice-president, Freshman Girls' Club; Cloak and Plume 1; Junior Speakers' Bureau 2; Speakers' Bureau 4; Music Appreciation 4; LOG Staff.

In studies she goes the whole way, too, being on the Honor or High Honor Roll all four years. During the summer she studies Spanish and suns herself on Wells Beach. Martha plans to enter Oberlin next year, majoring in English.

Looking out the window at 8:14, one may always see Ellen clutching numerous books as she runs. Every football game or other sport always has Ellen present, a quiet observer except for her steadfast companion, a cow-bell. Never is there silence when Ellen, with her saucer-blue eyes and dimple in her chin, is present.

She is quite interested in archery, as well as dancing, skating, and swimming. Mickey plans to enter the nursing profession soon after graduation. We sincerely hope that she will make her patients as happy as she has made us.

Frank has developed a good-natured, jocular, sense of humor as the result of considerable kidding over it. He hopes to go to Trinity and study radio for which he is well qualified by his experience here in dramatics.

Who knows, perhaps some day we may say, "I knew her when—!"

Lou, one of the unsung heroes of our football team, has been perhaps one of the most outstanding athletes of Melrose High for the past four years, starring in football and hockey. He is another member of the athletic Spadafora family and is carrying on their tradition with flying colors. Through Lou's unending aggressiveness on the field of play, he will probably attend some college; but we are sure that whatever he does, he will be successful.

RUTH ELIZABETH SPEAR

"Tikki"

Everett High School. Italian Club, Everett; Senior Chorus, Everett.

Few of us know Ruth, since she came through our illustrious doors from Everett only last November. However, to give a thumbnail sketch, she is small, dark, has photography, collecting souvenirs, and dancing for hobbies, and aspires to be a lawyer's secretary after a two-year course in law at Boston University—a laudable ambition in any language. Success can hardly fail to reward such an original and worthy aspiration.

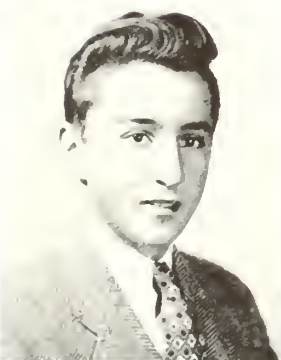

JUSTINE SPOLLETT

"Judy"

Calvin Coolidge School. Freshman Girls' Club; Swimming 2; Outing Club 2, 3; Chorus 2; Girls' Club 3, 4

The sparkle in Judy's eyes reflects the fun she is always having. Seemingly quiet, she is really quite the opposite and her nice disposition makes her a grand pal. Dancing is her favorite pastime, but diving through the waves at Martha's Vineyard runs a close second. Wherever you see Judy you can be sure that Barb isn't far away.

THE LOG

DONALD STAMEGNA

"Don"

Calvin Coolidge School. Football 1; Cross Country 3, 4; Track 4; Ring Hockey 2, 3, 4; Chorus 1, 4; Junior Air Raid Warden 4.

With his smile, jovial wit, and bashfulness toward the fairer sex, Don, one of the 8:14 rushers, needs no introduction to the pupils of Melrose High. His favorite pastime is playing "Tarzan" on the apparatus in the gym, but his occupation is going to be bookkeeping and accounting and not an A & P worker.

BARBARA M. STANTIAL

"Barb" "Barby"

Calvin Coolidge School. Freshman Girls' Club; Swimming 2; Outing Club 2, 3; Chorus 1, 2, 3; Girls' Club 3, 4.

Barb, although petite, is full of pep, vim, and vigor. Dancing is her first love, but during the summer vacation you can always find her on the beach at Martha's Vineyard. From what we "hear", we know that she is always present at the football and hockey games. Her pleasant personality makes her a perfect pal. Everything about her proves that she will be a success as a social worker.

IRVING K. STARK

"Irv" "Starky"

Calvin Coolidge School. Baseball 1; Cross Country 1, 2, 3, 4; Operetta 2, 3; Chorus 1, 2, 3, 4; Cheer Leader 4.

Irv is one of the few ambitious students who have successfully completed our Commercial Course. He needs no introduction to his fellow classmates for they're all his friends. His scholastic average has not affected his interest in social and athletic affairs, in which he has participated most heartily. Irv's plans are somewhat indefinite, but in all events, his impression left on all will be that of a jovial young fellow with kindness and respect for all.

NANCY E. TAYLOR

"Nan"

Roosevelt School. Freshman Girls' Club; Class Basketball 1, 2, 3, 4; Junior Red Cross Council 4; Girls' Club 3, 4; Varsity Basketball 2, 3, 4.

The life of any gathering, an ardent supporter of basketball and baseball, an active participant in all sports, especially basketball at which she is most proficient, that is Nan. Besides excelling in athletics, she manages to keep up with her studies and lead a busy social life. Judging by her high school record, Nan should make a first class executive after her graduation from Katharine Gibbs School.

If you want to be cheered up, tell him a joke—he'd be glad to laugh at it. If you want a scrap, criticize the Bruins or "dem Bums"—he'll give you the verbal slashing of your life. He can draw with the best of them, turn out a Bill Cunningham story, mauveur on rink and court like a pro, and make friends on the spot. He's colorful or serious, wise or witty, and always—unanimously one peach of a fella.

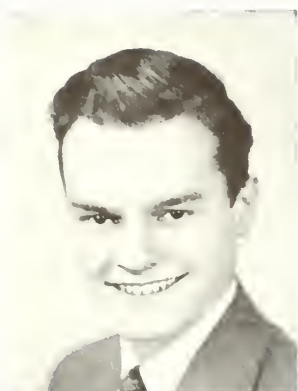

MARJORIE JEAN THOMPSON

"Marge" "Midge" "Tommy"

Calvin Coolidge School. Glee Club 1, 2; Chorus 1; Operetta 2; Outing Club 1, 2, 3, 4; Girls' Club 3, 4; Girls' Ski Team 3, 4.

"Freddie" "Hair-in-the-Face"

Roosevelt School. Freshman Football; Freshman Basketball; Freshman Baseball; Varsity Basketball 2, 3, 4, Captain 4; Tennis 3, 4; Outing Club 2; Hi-Y 3, 4.

Freddie is best recognized by his startling resemblance to the number two man in the Kreml ads. However, as may be judged from his impressive list of activities, this has never been an impediment to his athletic inclinations. On the contrary, Hair-in-the-Face has carried off many honors, the payoff being his election as co-captain of this year's basketball squad. After attending Northeastern, Fred plans to make science his work.

The girls of Melrose High School have no cause to worry about the silk shortage, as Mary is raising silk worms and if the worms would only turn, the problem would be solved. Mary's outstanding executive ability has made her a leader in a great many activities. Scoop is an ardent Bruins fan and may be seen at the Garden whenever the team is in Boston. Next year Mary is planning to enter Wheaton.

This year, with a variety of programs, both entertaining and instructive, the Girls' Club has made one of the largest attendance records.

Under the fine leadership of Jane Murray, the Program Committee kept us entertained with worthwhile speakers, a Kid Party, a Fashion Show, Amateur night, contests, quiz programs, and Washington movies. The speakers from the faculty included, Mr. Sprague, Mr. Wilder, Mr. Carney, and Mr. Ferry.

However, we have done more than simply have a good time. The Welfare Committee distributed baskets of food to the needy at Thanksgiving, and also has kept our sick class-mates and teachers well cheered with flowers and cards.

With part of the money from a very successful Movie Night, the Girls' Club backed the Animated Cartoon. Also twenty-five dollars was given to the United War Fund.

Much of the credit for giving Girls' Club such a fine year is due to Harriet Leighton, our capable and energetic president, and also to "Mac," the backbone of Girls' Club.

As we senior girls leave this year, we shall look forward to Alumnae night next year, when we can come back and see the girls who have filled our places to enjoy the pleasures we have enjoyed, and to carry on the same high standards of the Girls' Club.

HI-Y CLUB

President—RUSSELL BOUTILETTE

Vice-President—CHARLES O'DONNELL

Secretary—DON THOMPSON

Treasurer—CARL RAUTENBURG

Corresponding Secretary—ROBERT STEER

With the enrollment campaign sparked by a flood of new members, and the weekly meeting studded with programs of interesting variety, Hi-Y drew a reluctant curtain on another highly successful year. Aid was rendered by the club to the P. T. A., Red Cross, United War Fund Drive, Y. M. C. A., and delegates were sent to the Officer's Conference in Brookfield and the Older Boy's Conference at Brockton.

In the program there could be found a wide range of entertainment to suit the interests of all the members, individually and collectively. Highlights included football, Washington, and Shell Oil movies, two Quiz shows, talks by Doctors Thorpe and MacLachlan, and a glimpse of Army life by Major C. A. Gruber of Boston.

Many thanks and much credit for the club's success must be tendered "Pop" Lombard. In his third year as advisor, his constant help, friendliness, and inspiration to members as well as officers, has meant much to insure the necessary stability and enlargement of the club.

Much envy is felt by the Senior members, in that they cannot look forward to another grand year of Hi-Y activity. May the fellows to come find the source of abundant pleasure enjoyed in past years.

MASQUE AND WIG PLAY

The Masque and Wig again scored a huge success with their presentation of Mark Twain's hilarious comedy, A CONNECTICUT YANKEE IN KING ARTHUR'S COURT.

Fred Lacey vividly portrayed the ingenious Hank who performed such miracles in King Arthur's court. He was ably supported by Marjorie Lorenz, Marion, Marjorie Harvey, Mrs. Bennett, Mark Shaw, King Arthur, Betty Rowe, Queen Guinevere, Fred Blue, Frank Murtha, George Hodgedon, and the rest of the cast.

Pat Cormack and Elaine Chapleau captivated the audience with their charming portrayals of Sandy and Elaine, while the audience roared with laughter at Merlin, Bob Lentilon, and the wily Queen Morgan Le Fay, Marianne Rand.

RIO RICO

An Operetta in Two Acts and a Prologue

In the eighteenth century, pirates on the English ship "Moon Gold", murdered their captain and buried the treasure. Professor Amos Molecule and his expedition consisting of students from Brighton Co-Ed College and Lewis Morgan, his sister, and debutant daughter, Jane, go to find the treasure.

Professor Molecule brings along his latest invention, a device for detecting buried treasure, and with it he starts in search of the "Moon Gold" treasure. Imagine the surprise of the gold hunters when they find not the treasure, but a cave containing the sleeping mutineers themselves. Revived by another Molecule invention, in appreciation they make Molecule king of Cocos Isle.

Many weird things happen from this time on. Just as the tragic outcome seems inevitable, a surprise ending occurs. We find the mutineers aren't real at all but boys of Professor Molecule's gadgetry class who were hired by Mr. Morgan to give the expedition a diversion.

THE BAND

Drum Major—WILLIAM MILLAR

Student Manager—EDMUND CRAWFORD

Librarian—MARJORIE YOUNG

Conductor—FRANCES D. MONT

The Melrose High School Band is composed of talented musicians. Many of its members play not only one, but two and three instruments.

One of the band's contributions to the school is furnishing music at the football games. This means work and expense on the part of every member. Few people realize what is behind the unit pouring forth "get up'n go" music. In order that the band may go out on the field and put on the show it does, many hours must be devoted to practice, both as a unit and individually. Many dollars are invested in instruments and uniforms which the band itself earns at the annual concert. Hours are spent drilling and selecting music to please.

The band plays at various assemblies and parades, such as Armistice Day and Memorial Day.

Each year in May during National Music Week, the band presents its concert. This year we inaugurate International Music Week and play the music of the Allied Nations. The proceeds, usually spent for instruments are to go toward the fund for new uniforms with snap and precision to equal the playing of the Melrose High School Band.

ORCHESTRA

President—ALLEN GILES

Manager—WINBURNE PHINNEY

Properties—ROBERT BROWN

Conductor—FRANCES D. MONT

Although the orchestra does not take part in as many school functions as its counterpart, the band, nevertheless, it has accomplished its purpose as well, that of increasing the appreciation of ensemble playing in Melrose High School.

One of the more important of the orchestra's yearly duties is that of playing for the operetta. A group balanced in instrumentation is selected from the class, and the results are like a real theater group. This year *Rio Rico* is modern in musical style and a very creditable performance by the orchestra is predicted.

The orchestra assembly each year is one of the highlights of the assembly programs. This year with the fine solos and outstanding ensemble pieces planned, the orchestra will, as in past years, prove itself to be an entirely capable organization.

Each year the group has a vital part in the last exercises of the senior class, graduation. This year again, under the direction of Miss Mont, we have been working diligently to insure a fine performance. Several of the members are graduating and it is positive this last performance will make a fine remembrance of the Melrose High School Orchestra.

FRESHMAN GIRLS' CLUB

President—CAROLYN CRYAN

Secretary—ANNE SEAVER

Treasurer—MARIE DAVIS

The Freshman Girls' Club has had a most successful year under the direction of Miss Sachs. During the meetings and parties we have become well acquainted and have made many new friends.

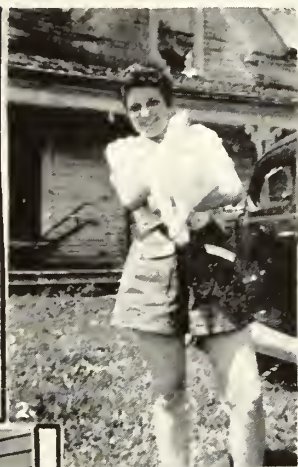

Our first entertainment was a Hallowe'en party. The biggest feature of this event was a contest for the craziest hat.

Just before Christmas vacation we were entertained by the "Cloak and Plume", which presented several amusing skits.

In the spring we celebrated St. Patrick's Day and later Mr. MacPheters showed us the Washington trip movies—dialogue by Mr. MacPheters.

The high-light of the year, our annual spring dance, ended our pleasant first year at Melrose High.

MASQUE AND WIG

The MASQUE and WIG this year has offered numerous opportunities to people interested not only in acting but in other fields such as Radio, Staging, Make-up, Costuming and others.

At one of the meetings the club had as guests, Miss Maureen MacHugh and Mr. Kenneth MacDonald from the Leland Powers School, and Program chairman, Frank Murtha, entertained the club at other meetings with monologues and pantomimes given by some of the club members.

This year's productions were comprised of "The Coming of Christ", by John Masefield, the Christmas play, and "A Connecticut Yankee in King Arthur's Court", as the main play of the year.

CLOAK AND PLUME

President—CHARLES COGAN

Vice-President—NORVAL PHINNY

Secretary—ANNE MINU

Treasurer—JEAN HERSEY

Sponsors—MISS WILDER AND MISS BROWN

Since early last fall the "Cloak and Plume" has been holding its meetings. At an early meeting we had the pleasure of entertaining the Freshman Girls' Club for whom we gave two short, hilarious plays and a few charades. For our Christmas meeting we invited the Junior Speakers' Bureau to hear Mrs. Buttrick, a former student of Melrose High, give some readings which were very appropriate for the occasion. Now our society is working on two one-act plays to be given about the last of April for the grammar school students, and all High School students who wish to attend. We sincerely hope that in future years the Cloak and Plume members will have as much fun as we have had this year.

THE IMPRINT

This year the Imprint celebrated its fifth anniversary. The Juniors were ably launched on their journalistic career by the Senior Editors and Miss Damon.

Instead of choosing Junior Editors at mid-year, the whole Imprint class took over. A completely new staff is chosen for every issue. In this way there is more competition for the position of the various editors.

We have also acquired helpful information through conferences. A number of Imprinters attended a meeting held at Watertown last January. We also sent delegates to the Eastern Massachusetts Scholastic Press Association at Northeastern and to the New England Inter-Scholastic Press Association at Boston University.

We thoroughly enjoyed working on the Imprint, especially on going-to-press night. The hurry-scurry of last minute news to be added gave us a taste of real newspaper problems, which we will face in our journalistic careers.

JUNIOR RED CROSS COUNCIL

President—WINIFRED CALLEY

Vice-President—DORIS TUCKER

Secretary—PAULINE BLAKE

Treasurer—RUTH KELLY

Chairman of the Program Committee—BARBARA FAHLOW

Chairman of the Service Committee—NANCY MACLACHLAN

Sponsor—MISS COLBURN

The Junior Red Cross Council consists of girls who represent their homerooms. This Council meets regularly on the third Tuesday of the month. During the year the Red Cross sends gifts to the Veterans of the Bedford Hospital and Christmas presents to the Caney Creek people in the Kentucky Hills. The Red Cross also puts on a dance with the aid of the Model Railroad Club. This dance was most successful as everyone had a good time. The girls are contemplating knitting for the soldiers as soon as they receive the yarn.

SENIOR SPEAKERS' BUREAU

Sponsors—MISS BOHRER, MR. CARNEY

President—ALAN PEABODY

Vice-President—MARY FISCHER

Secretary—PATRICIA CORMACK

Treasurer—JASON COOK

This year Senior Speakers' Bureau was divided into two groups. Miss Bohrer's group made a study of oratorical, humorous, and dramatic declamations. Mr. Carney's group formed several debating teams.

Speakers' Bureau again took part in the National Forensic League Tournament. The members competed with students from nine other high school. Dutton Van Alstine and Fred Lacey won first and third prizes, respectively, for their humorous declamations; Priscilla Hallam received first prize for her dramatic declamation. Mary Fischer showed herself very creditably in oratorical declamation, as did the affirmative debating team, Keith Phinney and Jason Cook, and the negative team, Alan Peabody and Mark Shaw.

THE JUNIOR SPEAKERS' BUREAU

President—JOHN ROURKE

Vice-President—CAROLINE CRYAN

Secretary—MARY FORREST

Sponsor—MISS McNAMARA

Organized for the purpose of training prospective members of the Senior Speakers' Bureau, the Junior Speakers' Bureau has carried on a program of monthly meetings at which the members prepared and delivered original speeches, famous speeches of history, discussions, or debates. During February and March, the club sponsored the Freshman Prize Speaking Contest and the officers conducted the assembly at which the final contest was held. Twelve contestants selected from the divisional and semi-final contests participated. A Better Speech project was undertaken by the club during the last quarter of the year. Efforts were made by members to promote clear and audible speech in correct grammatical form in their respective English classes. Prizes and citations were awarded to winners in June.

EUCLIDEAN SOCIETY

President—CLAIRE CONDELL

Chairman of Program Committee—ROBERT LENTILHON

Vice-President—JEAN CUTHBERTSON

Secretary—JANET FALES

Treasurer—FRANCES DILLON

Sponsor—MR. WHITNEY

The Euclidean Society is the only club in the school based on an honor rating. The voluntary membership is composed of Juniors and Seniors who receive A or B in Math and Science and wish to continue their interests in these fields.

Among the varied activities this year, the major highlights have been a discussion of the different branches of Math and their individual uses, puzzles, oddities, probability and chance, construction with parallel rulers, information tests, and field trips. These subjects are pursued by lectures, individual research, trips, and group discussion.

THE "NUNTIVS"

The Melrose High School Latin publication is called the "Nuntius", a Latin word meaning 'messenger'. It is printed three times a year, and is full of both Latin and English articles and jokes. It is profusely illustrated, even having a comic strip. It greatly helps to promote Latin in our school, for pupils become more interested in this language through the "Nuntius". Three times a year Latin students write contributions and the best are selected; thus, every article in the paper has been written by some student. We owe the commercial department a vote of thanks for printing it. Our funds are used to buy interesting books, magazines, maps, etc, for the use of students. This year we have subscribed to "Acta Diurna" and "Res Gestae", two weekly Latin papers from Montreal. A bi-monthly magazine, "Auxilium Latinum" we also receive. A copy of that magazine may be found in the library—Latin has thus become an interesting proposition to many students through the "Nuntius".

OUTING CLUB

President—ARTHUR FLINT

Vice-President—BETTY AUTY, HILDA THISTLE

Secretary—GORDON GLOVER

Corresponding Secretary—CHARLES FIFIELD

Treasurer—THOMAS SNOW

Sponsor—WILLIAM F. BENEDICT

Although the Mt. Hood Winter Carnival did not take place this year due to the lack of snow, the Carnival Ball was a great success, and the Dartmouth Alumni Trophy is still in Melrose's possession. When the Carnival was finally postponed, members of both the Boys' and the Girls' Ski Teams took week-end trips to the mountains and successfully competed in other carnivals there. The outstanding members of these teams are: on the boys' team, "Woody" Fifield, "Hook" Glover, "Art" Flint, Sheldon Foss, "Ken" Atwood, Phil Osberg, Ed Cuetara, Tom Snow, and Oliver Gardner; on the girls' team, Jeannette and Annette Stone, Betty Auty, Anne Arnold, Hilda Thistle, Marjorie Thompson, and Barbara Collins.

The members of the Outing Club have had a full program of roller skating, bowling, and picnics, and an outing and bicycle trip are being planned for the spring.

CRAFTS CLUB

President—BARBARA GEORGE

Vice-President—JEAN TAYLOR

Secretary-Treasurer—PRISCILLA HALLAM

Adviser—MISS DOWLING

The Crafts Club composed of twelve Junior and Senior girls, commenced activities early last fall. The members worked individually, but were aided by Miss Dowling in their respective crafts. Colorful tiles, german-silver bracelets, and ash trays were made, and many of them were given away as attractive Christmas gifts.

In January, a representative from a Wakefield craft company displayed many craft articles for the club. Among the most attractive were felt caps, suspenders, mittens, lapel pins, coasters, bracelets, belts, and hand painted trinket boxes.

Materials were ordered, and the girls proceeded to carry out many ideas which they had obtained from the display. Suspenders with gay felt flower motifs, gimp bracelets, and lapel pins proved to be most popular among the members.

In May, the club plans to hold an exhibit.

BIOLOGY CLUB

President—JEANE SHIMER

Secretary—CLAIRE GUILD

Faculty Advisor—MR. WILSON

It is said that variety is the spice of life. This, too holds true with the activities of this year's Biology Club.

The first half of the year was given over to preparation of individual projects. Two very interesting experiments were concerned with frogs and different varieties of insects and fruit flies. Lettuce, tomatoes, beans and nasturtiums were successfully grown in the conservatory. One girl brought a snake and trained it. It was of great interest to all the members to be able to take part in the feeding of it.

The last half year, Mr. Wilson gave a very interesting series of lectures on psychology. Included in these lectures were the subjects of an inferiority complex, human emotions and a study of the human brain. Thus ended a most unusually interesting and successful year.

The Socials Council, although only two years old, has made an important place for itself in connection with the social life of the school. It has functioned chiefly in organizing and supervising the various dances of the year. As a clearing house of information, it assists club or class committees and sets certain standards for the conduct of students attending the dances. Though it works quietly the council has already brought about a number of changes which have improved the calibre of the social activities of Melrose High School.

ATHLETICS

FOOTBALL

Coach—MR. HAROLD POOLE

Captains—CARL RAUTENBURG, GEORGE BRYANT

Managers—KENNETH KEARNS, DAVID ADAMS

This year the football team had a fine season. It won eight out of its ten starts. They took the Mystic Valley League Title with a perfect record. The "Red Raiders," besides downing Malden 19 to 0, kept Wakefield at bay for the sixteenth time. Melrose loses seven men out of the starting eleven, but one of the greatest losses will be Coach Poole. We are sure assistant-coach Gavin will put out a winning team for Melrose in the future.

The team was sparked by Captain Carl Rautenburg and George Bryant. Coach Poole found a fine end in small, but sly, "Lou" Spadafora. One of the best running backs in school-boy football was hard-running Jim Powell. An excellent job of quarter-backing was displayed by Bob Hatch. Although an injury put Ed Cahoon on the side lines at the beginning of the season, he was a leading factor in many of the touchdowns scored during those first games.

CROSS-COUNTRY TEAM

Captain—TOM DOCKRELL

Manager—DON THOMPSON

Coach—LEONARD CLARK

Once again "Doc" Clark has, in his annual consistency, turned out another cross-country team, undefeated during the regular seasonal schedule. This year the harriers added Wakefield, Winchester, Beverly, Woburn, Dartmouth Freshmen, Boston University Freshmen, and Tufts Freshmen to their imposing list of victims. Also add to this the winning of the Big Six Championships and a third in each of the State and New England Championships, and you have the formula for a most successful season.

As it should be on any winning and balanced Cross-Country Team, there were no outstanding stars; in every meet the boys were well-packed and up in front. Those in this choice circle are lettermen Tom Dockrell, Ralph Pierce, Norman Tibbetts, Forrest Symmes, George Traquair, Irving Stark, Martin Ahnlov, Wesley Locke, and Oliver Girouard.

MELROSE HIGH SCHOOL HOCKEY TEAM

Captains—JAMES SUTHERLAND, TOM DOCKRELL, LOUIS SPADAFORA

Coach—HAROLD POOLE

This past season, Melrose has had one of the most outstanding hockey teams in many years. They had a perfect record in league competition with seven wins, no losses or ties. Their only defeat was handed them by Hebron Academy, a group of older and experienced players.

By winning the league competition, the team became eligible to defend their title of New England champions, which they won last year at Providence. The play-offs were held in Boston this year. In the first game they defeated Athol to advance to the semi-finals. Here they won against a strong Waltham team to enter the finals against Mount St. Charles of Woonsocket. This game was probably the best and most exciting schoolboy game ever played in the Boston Garden. The final score being 1-0 with Melrose making a successful defense of their title of New England Champions.

The prospects for the coming year are bright because only four players are graduating, Tom Dockrell, Lou Spadafora, Jim Sutherland, and Bill Alkins. The 1941-42 season is, indeed, a splendid tribute to Coach Poole who is to be succeeded by Dave Gavin.

BASKETBALL TEAM

Co-Captains—CARL RAUTENBURG, FRED TILDEN

Manager—JAMES TIERNEY

Coach—DAVID GAVIN

Despite the fact that the basketball team had a new coach this year, it had a very hard time keeping on the winning side of the box-scores. Nevertheless its never-say-die spirit enabled it to win more than one game and there were very few which did not turn out to be real thrillers. Undoubtedly the most exciting game was the one with Belmont in which the Red and White lost by only one point. Belmont by the way, was one of the few champion teams chosen to play in the Tech Tournament.

Carl Rautenburg, Fred Tilden, Lenny Locke, and Charlie O'Donnell were the faithful standbys from last year, while Jimmie Herd and Kenneth Battles, a new senior and sophomore respectively, added additional spark to the team. Judging by the success of the second squad, it will not be long before Melrose High School sees a definitely successful basketball quintet.

BASEBALL

Coach—HAROLD POOLE

This season will see the last Harold Poole-coached baseball team in action. The M. H. S. baseball team will play a slightly longer schedule than the ten games of last year and play many of the same teams.

This year brought out its usual quota of candidates among whom were a group of talented veterans. This group includes the big stick of the club, Bob Hatch, Henry Martel, Len Locke, Bud Hallahan, Bruce Gardner, Bill McNamara, Loyd, Mangler, Wally Warren, and the spark-plug of the team, Tom Dockrell.

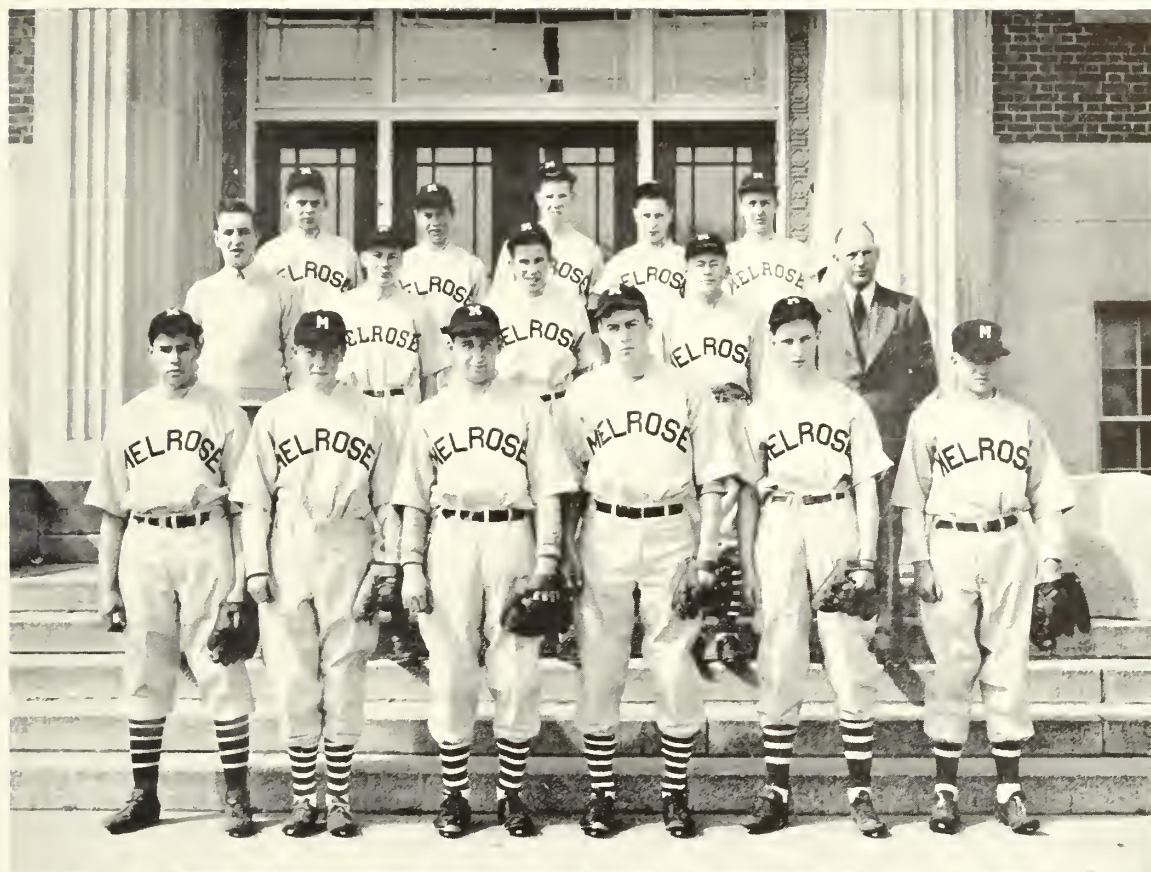

In the past few years Melrose baseball teams have been under par. Melrose has long been known as a football and hockey town. The year 1942 should see the team pull out of its slump and come into the limelight as have other M. H. S. sports in the past.

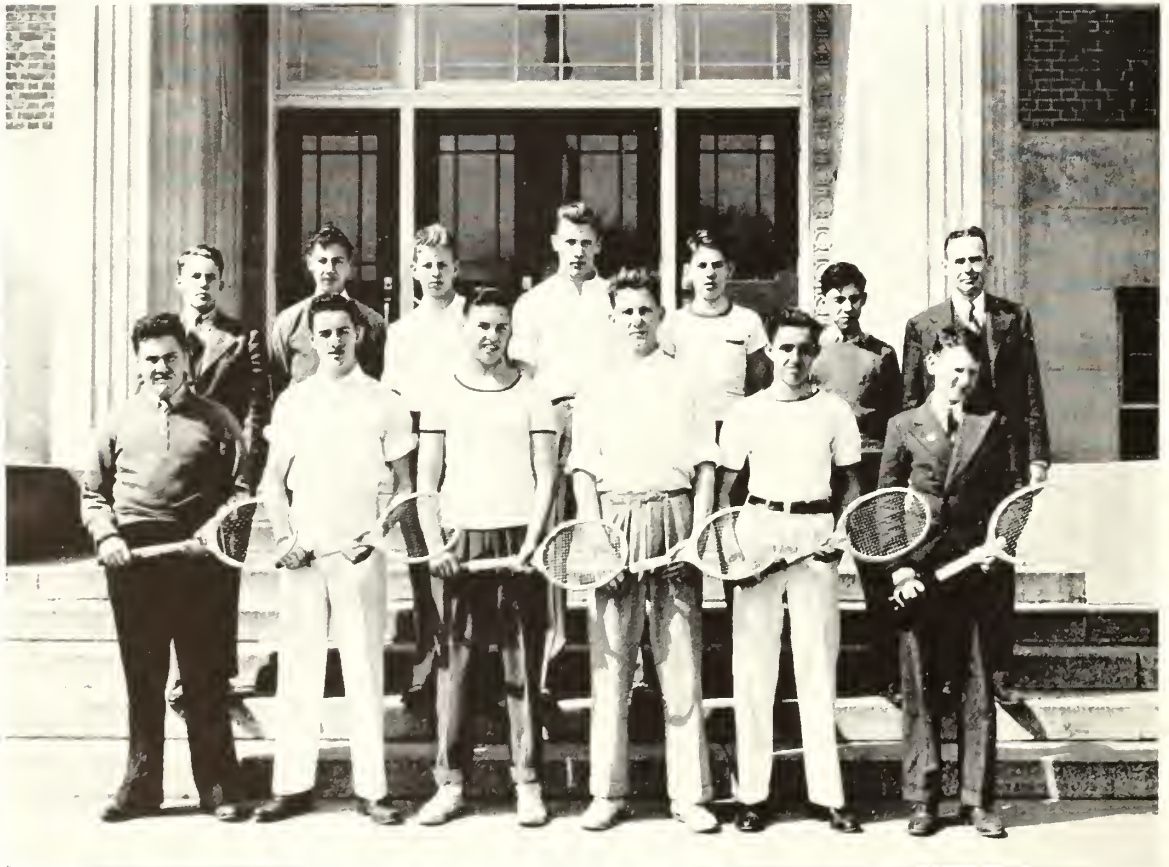

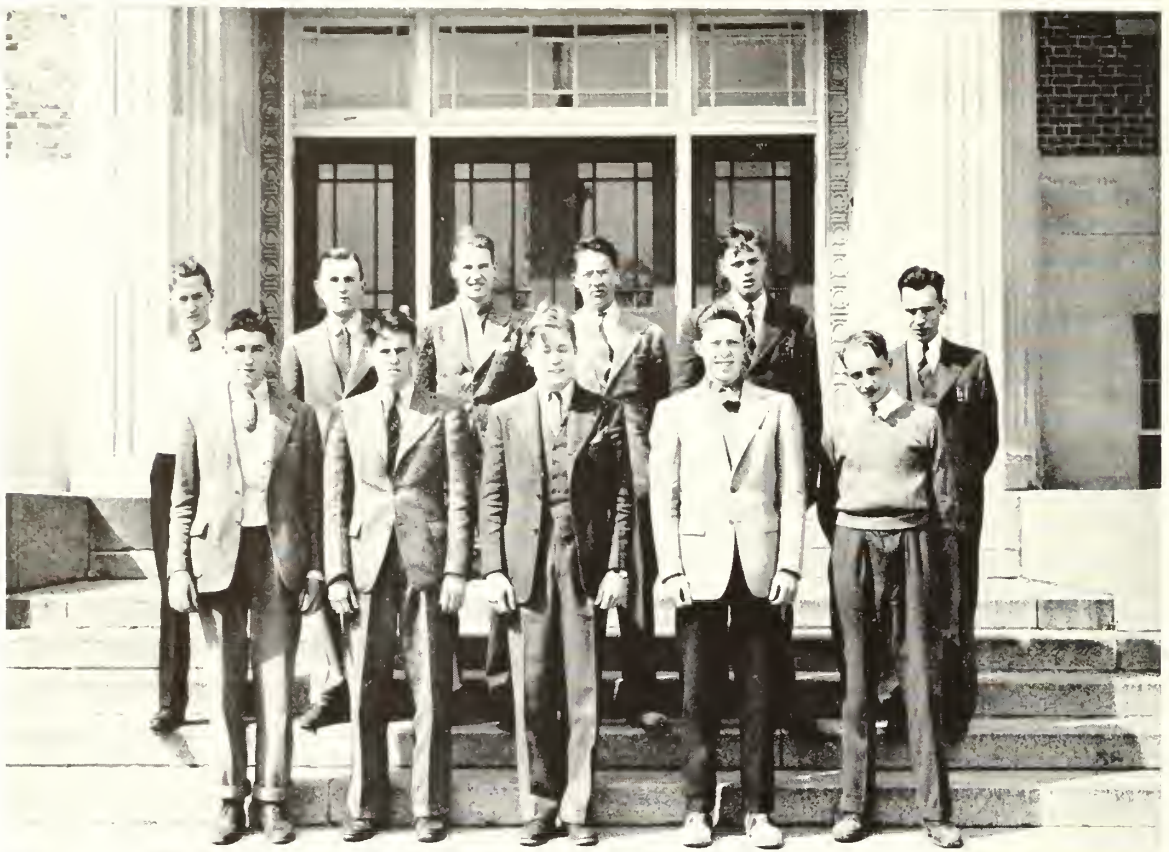

TRACK TEAM

Coach—WILLIAM F. BENEDICT

Manager—BILL MINER

Very little is ever known of the Track Team before our book goes to press. Last season, we did not have very good luck, but we managed to finish third in the Mystic Valley Championships. This spring we hope to have a better season. Dave Whitman will handle the half mile, while we will see Diagone in the quarter, Girourd and Pierce in the mile, McRae and Campbell in the shot put, Thompson in the high jump, and Brady in the two-twenty. Many young fellows are interested and it seems reasonable that these boys may put the team over the top.

GOLF TEAM

Sponsor—BLAIR C. WILSON

After winning the Middlesex Golf League Title for four consecutive years, only to be beaten last year in a close match by Stoneham, Melrose High's golf team looks forward to a very successful season this year. There will be five letter-men returning, all of whom will be under the fine supervision of the Sponsor, Blair Wilson.

The letter-men that are returning this year are: Tom Whitney, Leo Troy, Charles Wakefield, Robert Toperzer and Russ Boutillette.

TENNIS TEAM

Coach—RICHARD UDALL

The Melrose High School Tennis Team has won three suburban league tennis championships in the past four years, and this year's team will try to keep up the good work, in spite of the return of only two lettermen, Fred Tilden and Bob Steer.

As a result of this fall's tennis tournament our capable coach, Mr. Udall, will find some capable prospects in Dave Brissette, Dick Keohane, Allen Giles, Bob Toperzer, George Madson, Joe Spears, and Don Thompson.

THE RIFLE CLUB

President—ARTHUR MACKENZIE

Vice-President—DAVID RAMSAY

Secretary—GEORGE MCLELLAN

Treasurer—ROBERT TURKINGTON

Faculty Advisor—MR. MANSUR

This year, despite the clubs slow start, our team has had some close and interesting matches. In view of the possibility that several of our class may go into the army soon, the club has opened a chance to a large number of boys who would like to have the knowledge of handling a rifle properly.

This year we were fortunate to be able to get a range built in the Coolidge School as a gift from the School Committee.

Even though graduation will take the three high scorers of the club, we can rely on the remaining members to do a fine job. In the nation-wide Postal Matches, Melrose was well up among the other high schools.

And now after another successful season, the Rifle Club will hold fire until next season's targets are down in the butts.

GIRLS' BASKETBALL

Captain—JACKIE WINSHIP

Manager—EMILY PETERSON

Coach—MARY T. SARGENT

More girls than usual participated in basketball this year. The class games started January 20, and the team played Lexington, Swampscott, and Reading, taking all of these games.

After playing our class games, we started our varsity games. The first and second teams defeated Winchester, Swampscott, Lexington, Arlington and the first team defeated Medford while the second team lost by a close score.

The juniors and sophomores look very promising, some of the prospects being Louise Cox, Barbara Carter, Phyllis Cheever and our sophomore star, Sophie Fondulus.

GIRLS' SWIMMING CLUB

President—JEAN TAYLOR

Treasurer—BARBARA AARON

Faculty Advisor—MISS LEONARD

The swimming club, newly organized this year, is for the benefit and enjoyment of all girls in the school interested in swimming. Each week the club swims for an hour at the Y and under the able supervision of Miss Leonard learns the fundamentals as well as the more advanced fields of swimming and diving. The weekly dues of the members pay for the use of the pool. The club has participated in one swimming meet and hopes to attend more before the year is over. The members of the swimming club learn to swim more expertly and enjoy themselves at the same time.

GIRLS' FIELD HOCKEY

Coach—MARY T. SARGENT

Manager—RUTH HOLT

Captain—BARBARA McLEITCHIE

They did it before, and now they have done it again. The Varsity Field Hockey Team came through with another undefeated season, due to excessive practice and the outstanding coaching of Miss Sargent. The mighty eleven were scored on twice and tied once in the course of ten games.

In recognition of their achievement, Girls' Club presented each player with a hockey pendant.

Barbara McLetchie, Barbara Dixon, Ann Liston, Evelyn Donahue, and Janet Brown competed for positions on the All-Star Team. All were eliminated but Barbara McLetchie.

Those on the first team were, Barbara Dixon, who was high scorer, Evelyn Donahue, Gertrude Doucette, Martha Chase, Sylvia Gernonprez, Claire Guild, Janet Brown, Barbara McLetchie, Verna Kenniston, Olive Priestly, and Ann Liston.

GIRLS' BASEBALL

Manager—RUTH HOLT

Coach—MARY T. SARGENT

With warm weather and longer hours of daylight here, bystanders will soon see our girls warming up on the baseball field every afternoon. Enthusiasm for this exciting sport has been increasing steadily, and the outlook is encouraging with such veterans as Marty Chase, Tiny Priestly, Sylvia Anderson, Jean McLain, and juniors Olga Spadafora, Nora Vittorioso, and Barbara Carter left from last year's team. The tentative schedule, though short, consists of our three traditional rivals, Arlington, Lexington, and Winchester, but we feel sure that a successful season is forthcoming.

GIRLS' TENNIS

The girls of the school had a full tennis tournament which helped in choosing the tennis list for spring. The Freshman singles was won by Audrey Dixon; the Sophomore singles by Carol Campbell; the Junior singles by Leslie Lake; and the Senior singles by Frannie Nickolls. In the doubles tournament, Jean Stearns and Margie Forrest were the Freshman winners; Leslie Lake and Poppy Gall the Junior winners; and Jean Page and Frannie Nickolls the Senior winners.

With Muriel Ann Page as manager, the team looks forward to an eventful season with Malden, Concord, Winchester, Arlington, Lexington, and Medford already listed as opponents.

This spring we are looking for more and better tennis players, and we all hope that when the first suitable weather comes, the boulevard courts will be filled with underclass girls aspiring for a ranking position on the team.

INTRA-MURAL SPORTS

"A team for every girl, and every girl on a team."

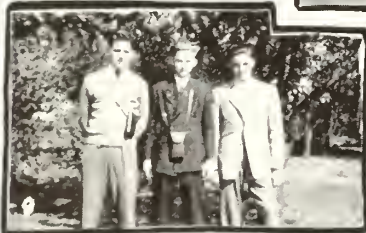

It is our desire that every girl in Melrose High find one sport each season throughout her school years which will interest her enough to want to learn the fundamentals and play in tournaments.

During the fall season, we have home room and class hockey tournaments, archery, and tennis tournaments. The winter months are open to a wide variety including basketball, volley ball, ping pong, badminton, bowling, swimming, and apparatus and indoor track. The spring season finds us out with tennis, soft ball leagues, and archery tournaments. We hope that everyone has taken advantage of the opportunities that are ours.

GIRLS' BOWLING

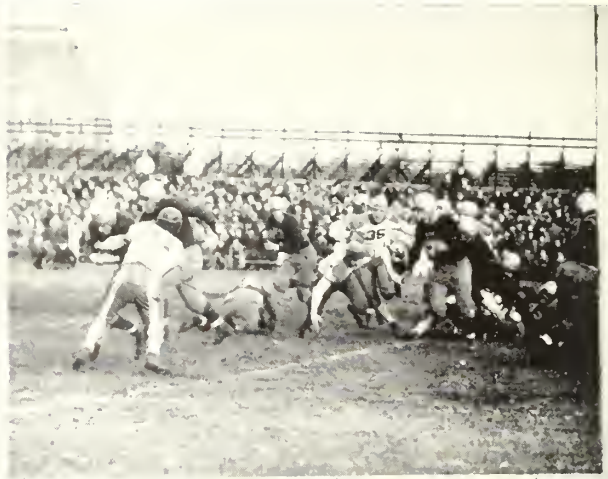

Every afternoon different groups of girls who are interested in bowling, go down to the "Y" and try to better their scores by constant practice. Out of this large group of bowlers six girls are chosen by their high average to represent their class in an inter-class tournament. The following seniors have bowled on their class team with very high averages: Jean McLain, Charlotte Demeter, Gloria Pendleton, Helen Solberg, Marjorie Fletcher, and Patricia Davison.

MARSHAL'S ADDRESS

By DONALD S. THOMPSON

Parents, Teachers, and Friends:

The class of 1942 extends a most cordial welcome to all present.

In these troubled weeks, we find ourselves members of a world marked with chaotic upheavals, truly upsetting the normal flow of close activity and peaceful existence in American homes and families. The whole problem of war, its effect here, and the enemy, who are bent on destroying forever our way of living, is constantly pressing on our minds.

But today, may we lay all worldly problems and universal unpleasantness aside. Today, may we, as participants, and you, as an audience, unite to catch the thrill of watching another high school group, a Class, lingering, before passing into all walks of life, to review its past, observe its present, and delve into its possible future.

We hope that you will enjoy our program a grain as much as the Class has keenly enjoyed being together these last four years.

CLASS ODE

HAIL, MELROSE!

Words—ARTHUR MACKENZIE

Music—ALLEN GILES

All hail! Strong friend of knowledge!
All hail, O Melrose High!
Companion of our happy youth,
Through life you will stand by.
The prayers of thankful young and old
Will hail you, Melrose High.

For the labors of the future
You gave us strength and aid.
Of the trials that lie before us
We shall never be afraid.
Your blessings last through all the years
And can never be repaid.

All hail to Truth and Light!
All hail, O Melrose High!
In hearts will e'er burn bright
The spirit no wealth can buy.
We'll use your learning's might,—
We'll use your learning's might
To glorify forever, ever
Melrose High!

HISTORY OF THE CLASS OF 1942

By DAVID BRISSETTE

When, on September 8, 1938, the class of 1942 stepped across the thresholds of Melrose High School, everybody sat up and took notice of that group of bewildered but snappy looking freshmen. Not only were they the largest class ever to enter Melrose High School, but they were also destined to cover themselves with glory by numerous achievements of both physical and intellectual prowess.

This up and coming class got right into the swing of things with Jackie Winship as head of the talented Cloak and Plume society and Harriet Leighton as President of the Freshman Girls' Club.

A large group of fine athletes answered the call for freshman football candidates from which Mac developed some excellent varsity material. The defeat which these plucky lads suffered at the hands of the Wakefield freshmen was well avenged the following three years on the varsity team.

Also, Louis Spadafora and Tommy Dockrell made their debuts as freshmen on the Varsity Hockey team.

* * * * *

In the following year this same group, now sophomores, really settled down to business by electing Leonard Locke as President; Harriet Leighton, Vice-President; Claire Guild, Secretary; and Forrest Symmes, Treasurer.

The theatrical talents of the sophomore class were well brought out by Frank Murtha and Gabriel Kayarian, who helped make a success of the Masque and Wig's hair-raising presentation of "The Bat".

Great renown was also won for a certain young sophomore for his portrayal of Lord High Executioner in the great musical success of the year, "The Mikado". I am referring, of course, to Dutton Van Alstine.

Many sophomores had already won recognition in the major sports, and their membership on the honor list surpassed that of all other classes.

* * * * *

Those chosen to lead our Junior class to success were: Forrest Symmes as leader; Harriet Leighton, his assistant; Evelyn Donahue, scribe; and Emily Peterson, money-tender.

This year marked another Masque and Wig success with the hilarious comedy, "What a Life," in which some juniors as Gabriel Kayarian, Mark Shaw, Claire Condell, and Frank Murtha took leading roles.

—

The voices of Dutton Van Alstine, Keith Phinney, George Traquair, and Dorothy Porter rang out in the season's musical presentation, "The Gondoliers".

Tommy Dockrell, Louis Spadafora, Jimmy Sutherland, Bill Alkins, and Henry Martel surely did their share in winning the coveted New England Championship for one of the greatest hockey teams ever to represent Melrose High School.

The beauties of the Nation's Capitol were enjoyed this year by an exceptionally large number of eager sight-seers who embarked on the Washington pilgrimage. Another gala occasion for the social set was the noisy and colorful Junior Prom which was held back in the good old days when "Junior" could get the automobile.

* * * * *

At last we are Seniors, and this year finds Don Thompson at our head with Harriet Leighton once again next in command, Forrest Symmes, keeper of the books, and Emily Peterson in charge of funds.

Melrose Athletics had an extremely successful year in many departments. The football team, sparked by Bob Hatch, Louis Spadafora, Carl Rautenberg, George Bryant, Henry Martel, Bob Millen, Bob Campbell, Phil Osberg, and Frank Hill ended up the season with only two defeats.

The Cross Country and track teams also showed their opponents the old Melrose fighting spirit in walking off with high honors.

The Hockey team duplicated last year's feat by winning the New England Championship for the second consecutive year, this time with an undefeated and untied team.

Meanwhile, the girls were not to be outdone by the boys, for they came up with a field hockey team that has been undefeated for two years and a basketball team that was just as successful. Much credit for these accomplishments goes to Barbara Dixon, Evelyn Donahue, and Barbara McLetchie.

Those who brought honor to themselves in the Masque and Wig play, "A Connecticut Yankee in King Arthur's Court," were Mark Shaw, Bob Lentilhorn, Betty Rowe, Patricia Cornack, Frank Murtha, and Fred Blue.

Eunice Calpin, Donald Buckpitt, Dutton Van Alstine, and Keith Phinney were complimented for their fine performances in the operetta, "Rio Rico".

This year's Log Staff, headed by Alice Creedon, has worked hard to produce a yearbook worthy of the school that it is to commemorate.

Tomorrow will be graduation day; and when this enthusiastic group steps out into the world, I am sure that the influence and pleasant memories of good old Melrose High will inspire them to great heights.

STATISTICS

By ROBERT CAMPBELL

Parents and friends: please pardon the spectacles, but, you see, that the class of 1942 is a hard bunch to work for. Since my appointment as chief accountant of the class I have worked so diligently that an optician has a new customer as a result. Oh, well, I got a big kick out of it anyway.

I hope you all realize that these facts cover a period of four years, beginning back in good old "38." We were Freshmen then, remember?

But I know your chief interests are concerning our mosts and bests which you all so thoughtfully and tediously helped to select.

There being an average of just about everything, our average student of the class is no exception. As the calculations have produced a result resembling a girl more than a boy, I will refer to our average student as she. The boys will undoubtedly see my point as the facts are revealed.

She would be about seventeen years of age, five feet five inches tall—That is in stocking feet, weigh one hundred and thirty-seven pounds, and wear a size six shoe. An image should be forming in your mind now. One subject in which she does not mind overtime is her favorite study, Biology. She does not mind overworking her jaws either as long as Beechnut gum is the cause. I have learned from inside sources that she spends a good deal of her time on her favorite recreation, dancing with some handsome fellow with dark hair, since she prefers brunettes. She would probably be dressed in blue, her favorite color, and wear a corsage of roses. I will say coco-cola was her favorite drink because it has now become rather scarce. Although athletically inclined in all other sports, she spends most of her time and money watching her favorite sport of ice hockey. I think we've covered "Miss Average Student" quite thoroughly. Does she live up to your expectations?

Now let us turn to our list of celebrities. If the people referred to will please stand when their names are mentioned, I'm sure the audience will note their outstanding characteristic.

First, the most popular boy, and also the honorable president of our class, Donald Thompson, better known to all of us as just "Don". Don gained himself quite a reputation as an actor after his participation in the recent operetta. Oddly enough, our vice-president, Harriet Leighton is the most popular girl and also the best natured. Harriet has that real executive ability as her list of offices held distinctly proves.

A fellow small in stature but big in heart is our best-natured boy, Arthur Flint.

I think the next two names have become more or less associated with Melrose High sports. Louis Spadafora and Barbara Dixon are well known in nearly all sport circles for their athletic ability. I'm sure they both deserve the honor of titles of most athletic boy and most athletic girl. "Spady" was a co-captain on our

championship hockey team, being chosen a member of the All-New England squad and also played right end on the football team. "Barb" was outstanding in girls' basketball and field hockey, being high scorer for both teams.

Since Melrose is known for its beautiful girls, you can see why it was such a hard job to choose the best looking. The choice of Winifred Calley to represent our class in this department was indeed a wise one. I don't know just what Lawrence Pond thinks on the subject, however, for he is the class woman hater.

A model of manhood right from Hollywood is Norman Tibbetts, our best looking boy. Norm easily attracts the glances of the fairer sex, all except those of Frances Dillon, who doesn't seem to be attracted by any entrancing males, but maybe it's because she is also the most bashful girl.

I do not know whether it is a family tradition in the Norton household, but it seems that their son Gerald has been chosen class wit of our class as was his brother in the class of 1940. I imagine Marcia Wells, the class giggler, would be in hysterics even at some of Gerry's worst puns.

If anybody has been wondering who the girl with the terrible sunburn is, do not let her red cheeks fool you, for it is only Dorothy Dole blusing. The girl who could cause the opposite sex to blush is Jean Phillips, our class flirt. Watch out fellows; here's a determined woman.

Do you ever say to yourself "How does he get away with it?" If you do, I'll bet you were remarking about John Long's talent for being the most successful bluffer. But then there's always the fellow who tries hard enough, but just can not get away with it. That determined drawl in George Pevear's voice just does not seem to produce results. Am I right, George?

I've often wondered why Jason Cook had that halo over his head. My curiosity was satisfied when I learned that he was our class saint. If Jason has not been conspicuous in this line, we can attribute that to his bashfulness, for he is also our most bashful boy.

As inseparable as the Siamese twins are our class pals, Barbara Stantial and Justine Spollett. They are so attached to each other that they even arranged to have their last names begin with the same letter.

Eight fourteen and a half, eight fifteen, -there goes the bell and here comes Louise. Too bad. It was pretty close though. This, no doubt, is Louise Wohlander, the least often on time. Are you here, Louise?

To lend a bit of dignity to our class, we have as a worthy representative, Miss Beverly Baldwin.

Did you notice that crease in his pants as sharp as a razor, that nice tie and that shine on his shoes? Why, it's Bob Steer, a ladies' man if there ever was one. Take a bow, Bob.

While we are on the subject of clothes, Beverly Blanchard claims the honor of being the most fastidious.

I think Lucille Von Lieberman should start all her stories with "Once upon a time" to warn us what's to come, for "Lucybelle" is our most ardent exaggerator.

I wouldn't be the least bit surprised to find out that some of those stories were the ideas of our most original student, Frances Nickolls.

A girl whose first thought is her books is our class grind, Janet Robertson.

Roses are red,

Violets are blue—I'll leave the rest to Marjorie Bell our class poet. Poetry seems to just roll off her tongue.

Could it be Gene Krupa? No? How about Ray McKinley? No? It must be our own Wesley Lindsay then. Right! Here is a very capable drummer who has gained himself the reputation of being a real inspiration for swing fans. When Wes is not at his drums, he keeps that rhythm by whistling. Ask any of his teachers.

Geniuses do not come along very often, but never fear the class of 1942 is not without one. Allen Giles holds this distinction.

The person who is most likely to succeed can only be discovered in the future, but our prediction is that Dave Brissette will continue to be in life what he has been in his four years in Melrose High School.

Among our celebrities we have many who may go far in the world of entertainment.

First, I would like to introduce the two of our class who could give Arthur Murray some lessons. They are Nancy Hanson and George Kidd the class's best dancers.

Although our class songster has kept us in the dark about his singing powers, until recently, he really showed his talents in the operetta. Let's have another look at that burly pirate, only without makeup this time. Stand up Donald Buckpitt.

Two students of our talented class well known for their outstanding ability on the stage are Dutton Van Alstine, our class actor, and Betty Rowe, our class actress. I know they feel much more at home on a stage before an audience than I do.

I hope, by presenting these people, I have given you a better conception of the class of 1942. Although it is a troubled world into which we are venturing, I'm sure each member will do his part to make it a better place in which to live.

CLASS PROPHECY

By JACQUELINE WINSHIP

Good afternoon, Classmates, Parents and Friends of our radio audience. This is station WMEL bringing to you a broadcast of the 10th reunion of the Melrose High School Class of 1942.

Our reunion is now in full swing, and sitting beside me on the platform are some of the illustrious members of my class who have news of great interest to those of you who are unable to be with us this afternoon.

First of all, I should like to read to you a telegram from *Dutton Van Alstine* expressing his deepest regrets that he could not be with us today. He is now directing the moving picture, "Professor Molecule Rides Again" or "Life on Cocos Isle". He says:

"Sorry not to be with you all. In midst of directing colossal hit of the year. *Betty Rowe*, *Mark Shaw*, *Keith Phinney*, and *Barbara Kingston* taking leading parts. Also coralled as stage hands are old friends: *Kenneth Atwood*, *Charles Galvin*, *David Ramsay*, and *Wilfred Garvey*."

Signed

Dutton

We're sorry, too, Dutton. While on the subject of movies, I might add that *Annette* and *Jeanette Stone* have realized their life-long ambition and are now acting and dancing in Hollywood.

Mary Tousey is here in the studio and is going to tell us about some of our classmates with whom she has been in touch recently.

Jackie:

"I hear, Mary, that you hold the position of News Editor on the staff of the "Tulsa Evening News."

Mary:

"Yes, Jackie, *Alice Creedon* is our Editor-in-Chief, *Allan Graham*, our Sports Editor, and others including *Beverly Baldwin*, *Norma Noyes*, *Lawrence Wells* and *Ruthie Mason* are on the staff."

Jackie:

"As a News Editor, you must come in contact with many people during the day's work. Have you seen any members lately of the Class of 1942?"

Mary:

"Yes, I have, Jackie. Just recently I attended a press conference of foreign correspondents in New York. While there, I saw *Robert Campbell*, who is now a Chief Press Correspondent from London. He had a great deal of news of our classmates now residing in England. *Pat Cormack*, now back with her parents, has been designing clothes for Her Majesty, the Queen."

Jackie:

"That's right, too. I heard the other day that some of the most artistic members of our class are helping Pat in her business. I think that *Eddie Swansburg*, *Charlie*

O'Donnell, Sam Adams and Charlie Bacigalupo were mentioned as on her staff. Thanks a lot, Mary, for your interesting comments."

Another telegram just in—this time from *David Brissette*, Head Doctor in a large hospital in the Middle West. He wires:

"Greetings, Classmates. Wish I could be there to help celebrate our 10th. I keep very busy now, what with Appendicitis, Tonsilitis and all the other "itis's". Other "42ers" send greetings:

Barbara Giles, Pauline Blake, Doris Whitehouse, Jeane Shimer, and Louise Hoffman (best nurses on the staff), *Doctors Brady, Clark, Lawrence, Millar and Herd* (they either kill or cure), and *Jean Bush*, my efficient secretary. Please don't wait to be sick. Just come out here and we'll fix you up!"

Signed
"Dave"

Will *Frank Hill* please step up to the mike and impart to us some of his knowledge concerning the world of sports?

Jackie:

"Frank, I understand that you are manager of the Madison Square Garden in New York City."

Frank:

"Yes, I am, Jackie."

Jackie:

"Have you some bits of news to add to our broadcast concerning any class celebrities who might have appeared at the Garden recently?"

Frank:

"During the hockey season, I was not at all surprised to find that several of the boys who used to play on those New England Championship teams are now playing professional hockey. *Tom Dockrell, Louis Spadafora, Jimmy Sutherland, Billy Alkins* and *Henry Martel* were certainly shining lights in the field of hockey this season."

Jackie:

"I was at the Ice Follies of 1952 at the Garden this winter and saw *Betty Auty* and *Robert Lucas* performing as the star skaters of the review. They were really good!

By the way, Frank, I noticed that the circus was in town about a month ago. You didn't happen to run across any of the old crowd there, did you?"

Frank:

"As a matter of fact, I did. I saw *Jason Cook* who was the Chief Barker in the side show, *Robert Lemont*, the tall man, and *Ann Liston, Bobby Miller*, and *Ruth Wills* made up the family of midgets."

Jackie:

"Thank you, Frank."

And now before the next interview, I would like to report some of my own findings. Heading my list are *Dot Smith* and *Lenny Locke* who have tripped the light fantastic right onto the road of fame. These two are known all over the country for their dancing exhibitions and instruction.

Also recognized in the dancing world is *Barbara Dixon* who is nationally famous for her splendid and unequalled acrobatic ability.

In athletics, we find that *Frannie Nichols* and *Betty Surbeck* have gone far as a tennis team and are seeded No. 2 in the Women's Nationals which will be played next month.

Still speaking of athletes, *Carl Rautenberg*, *George Bryant*, *Bob Hatch*, *Jimmy Powell*, *Phil Osberg*, *Jimmy Driscoll*, and *Bob Millen* are playing professional football, all having been picked All-American while in college. By the way, *John Bunker* and *Laverence Emig* could have played pro football but they took up gardening instead!

A few days ago, I was informed that those Theta senioritas of the Conga and the little Kappa chorus girls are still great rivals. Although some have dropped out of each group, *Shirley Carbee*, *Bunny Giles*, *Charlot Gilbert*, *Beth Oyster*, *Norma Noyes*, and *Gloria Pendleton* are even now trying to win out over *Jean Page*, *Harriet Leighton*, *Sylvia Germonprez*, *Nancy Hanson*, *Marjorie Bell*, *Dotty Dole*, and *Claire Guild*.

Those who have become professors from our class are: *Jean McLain*, *Martha Marchant*, and *Claire Condell*. *Mary Fischer* is outstanding in the nursery school field.

(*Jean Taylor* walks in).

Jackie:

"Why here comes *Jean Taylor* looking just as young and cute as ever. What are you doing now, Jean?"

Jean:

"Don't tell me you have not heard about my very famous "Hollywood Fashions" Gown Shop and the six most beautiful models in the world?"

Jackie:

"Why, no, to tell the truth, I haven't. Tell me more about it."

Jean:

"Well, our models are *Connie Felton*, *Pussy Seaver*, *Bev Blanchard*, *Nancy Taylor*, *Winney Calley*, and *Jean Lyall*. Oh, and by the way, *Bob Steer* is the Gentleman Proprietor of the shop."

Jackie:

"You simply amaze me, Jean, go on!"

Jean:

"While at a Fashion Show the other day, I saw several of our classmates getting tips on the latest styles, and I also met *Norman Tibbetts* there just looking them over."

Jackie:

"Thanks, Jean, that was a real scoop!"

Is *Barbara McLetchie* here? Oh, there you are. Say, Barb, I hear you have a School of Physical Education, now. We would like to hear about it.

Barbara:

"Well, our school, which is located in Boston, teaches all sports and prepares

girls who wish to become Gym Teachers. At the present time, *Evie Donahue* is instructing girls in basketball, *Marty Chase* in field hockey, *Emily Peterson* in tennis, and *Dorothy Nevins* in swimming."

Jackie:

"After hearing that list, I would say that you have a pretty efficient school with a pretty perfect group of instructors."

Another telegram just came in. Let me see—it's from Sun Valley. It says:

"Skiing perfect

Swimming too

And—oh yes—the bathing beauties—

Woo! Woo!"

Sheldon Foss

Did I see Donald Buckpitt around here a minute ago?

Jackie:

"Hello, Don, how are you? I hear you have been singing with an orchestra. Are any of our classmates in it?"

Don:

"Yes, *Wes Lindsey* plays the drum and *Frank Marshall* the piano. *Eunie Calpin* is the girl vocalist. And—oh—yes—I almost forgot—we also have five dancers, who travel with us to provide entertainment during intermission. These graceful little nymphs of the Ballet are: *Fred Tilden*, *Russ Boutillette*, *Eddie Cuctara*, *Jack Baier*, and *Don Thompson*."

Jackie:

"Thank you, Don."

Well, Classmates, I see that our time is up. I am sorry that we could not have heard from every one of you, but we will hope for news from many more at our fifteenth. This is Jackie Winship saying, Good Afternoon.

SALUTATORY

By MARTHA MARCHANT

Parents, Teachers, and Friends: The class of 1942 welcomes you to its graduation. For twenty-five years graduating classes have entered a peaceful world. This class is graduating at a time when the world is ravaged by war. You have realized how bewildered young people are in these times that try men's souls. For the guidance you have so wisely given us in these days of uncertainty, we want to thank you. We are just beginning to understand how much you have done for us. The standards you have set for us are high, but the impelling force of your faith and confidence will give us the strength and courage to persevere, no matter how hard the way or distance the goal.

Mr. Sprague: We cannot allow this graduation, the twenty-fourth over which you have presided, to pass without taking the opportunity to tell you what is in our hearts. For itself and all former graduates, this class wishes you health and happiness in the years to come. We wish to extend to you the congratulations of the whole community for your achievements as principal of Melrose High School. We do not feel that you are leaving us entirely. The ideals for which you stand will continue to influence the lives of all the boys and girls who have known you. Emerson has said, "Every institution is the lengthened shadow of one man". As long as Melrose High School stands, it will be a monument to you, Mr. Sprague.

DEMOCRACY UNDER FIRE

Democracy, American's way of life, is under fire. Hitler denounces it as a decadent form of government, and declares that the only way for any nation to be great is to regiment its people. Hitler also maintains that when the state does not control the efforts of every individual, there is a great waste of energy and talent. Against this doctrine we rebel. American democracy was founded in the atmosphere of freedom, and we believe that the greatest contributions to society are made by free men. Booker T. Washington, Dr. William Morton, and the Wright Brothers are but a few of the men who refute Hitler's charges.

In a totalitarian state, a man such as Booker T. Washington would never be allowed to work for the advancement of his race, for there subject races must always remain slaves. Booker T. Washington was born a slave. Although he had a good master, his childhood was spent in abject poverty. He said, "I never remembered having slept in a bed until after our family was declared free by the Emancipation Proclamation". His food was "a piece of bread here and a scrap of meat there. It was a cup of milk at one time, some potatoes at another".

After the Emancipation Proclamation, his family moved to Charlestown, West Virginia, where Booker earned an elementary education by working five hours before school and many hours after school. He stated, "At that time there was not a single member of my race anywhere near us who could read.

He spent three years at Hampton, a school for Negroes, where life was a constant revelation. In 1881 Booker T. Washington was asked to teach in a normal

school at Tuskegee. For thirty-four years he worked incessantly, teaching the desperately poor and ignorant blacks the dignity of efficient labour. He did not attempt to win new rights for his race, but he did try to make them worthy of the ones they had.

Theodore Roosevelt paid a tribute to the man, Booker T. Washington. "As nearly as any man I have ever met", he said, "Booker T. Washington lived up to Micah's verse, 'What more doth the Lord require of thee than to do Justice and love Mercy and walk humbly with thy God'".

Henry Watterson paid a tribute to the reformer, Booker T. Washington in these words, "No man since the war of sections has exercised such beneficent influence and done such real good for the country".

Booker T. Washington himself expressed this sentiment which remains a memorial to him, "No man, black or white, from North or South, shall drag me down so low as to make me hate him".

Just as Booker T. Washington was able to work for the enlightenment of his people because he lived in a land of freedom, so Dr. William Morton could make a great contribution to medicine because he was permitted to work as he wished. It is likely if Dr. Morton were a contemporary German, he would be forced by the state to develop a new poison gas instead of helping to relieve man's suffering. Dr. Morton served mankind by his discovery in 1864 of sulphuric ether as an anesthetic. Until then major surgical operations were practically impossible because of the intolerable pain.

With implicit faith in his own discovery, Dr. Morton breathed the ether fumes for several minutes and lost consciousness. Soon one of his patients begged to be mesmerized to be relieved of the agony of having a tooth extracted. Instead, Dr. Morton administered ether and removed the tooth. Trembling with his sense of responsibility, he waited for his patient to regain consciousness.

When finally the man opened his eyes, Dr. Morton asked as calmly as he could, "Are you ready to have your tooth extracted"?

"Yes", the man answered miserably.

"It is over", Dr. Morton said.

"No", he shouted, leaping from the chair.

At last Dr. Morton arranged for a major surgical operation to be performed with aid of ether at the Massachusetts General Hospital. Instead of waking with a scream of pain at the first incision, the patient slumbered on. The spectators were watching the first performance in a new era in surgery. After the operation, Dr. Warren, the greatest skeptic, turned to the spectators, and said, "Gentlemen, this is no humbug". Yet we doubt if Hitler were to have an appendectomy that he would scorn pain-easing ether, even though it was discovered in a democracy.

Nor does Hitler scoff at the airplane which was developed by free men. The

story of the Wrights is a study in human incredulity. Two months before the Wrights flew, the learned Simon Newcomb wrote a scientific treatise to prove that man could never fly. Newspaper editors dared not risk being termed insane by printing news that men had flown, in spite of the fact that the Wrights had made several successful flights. One day when the Wrights actually had their ship in the air, a street car motorman stopped his car to watch. Not a single passenger got out to see the flying machine. It just couldn't be true or there would have been something about it in the newspapers.

A Mr. Beard of Dayton said, "I used to chat with them in a friendly way and was always polite to them, because I sort of felt sorry for them. They seemed like well-meaning, decent enough young fellows. Yet there they were neglecting their business to waste their time day after day on that ridiculous flying machine. I had an idea it must worry their father".

From time to time a newspaper man called to see if the Wrights had done anything worth mentioning.

"Done anything of special interest lately"? asked a reporter one night.

"Oh, nothing much", answered Wilbur trying to be modest. "Today, one of us was able to steer the plane in a circle".

"How big a circle was it"? the reporter questioned.

"Around the field", said Wilbur.

"I see. Well, we'll keep in touch with you".

One more newspaper man had failed to recognize the invention of the century.

Even after hundreds of people had seen the airplane in flight, the general public would not believe it. In 1907 Alexander Graham Bell published a statement expressing fear about the reported speed of thirty-four miles per hour—so dangerous, he said, that the airplane would always be impractical.

The Wright Brothers wanted the United States to have the first rights to their invention. It took the rumour that France was dickering with them to arouse interest in government circles. Before the government tests the Wrights again took their plane to Kitty Hawk for final test flights. This time five newspaper men secretly watched the performance. One of them reported, "The rumours are true: man can fly". Still the public would not accept the miracle until the formal demonstration in 1908. For five long years the Wrights had held fast to their objective in the face of mockery, derision, and even pity. America granted them freedom, and they repaid her a thousandfold. In true democratic spirit their contributions to society were used not only for the benefit of these United States, but for the whole world.

America demands much, but never more than her people are willing to give. The proud privilege of being an American is her reward. Now it has become necessary to summon men to die for her. To be worthy of this sacrifice is our task, a hard one. But this class, 337 strong, will meet America's challenge.

WE CANNOT RATION FREEDOM

We cannot afford to ration freedom! Our country was founded because freedom was rationed in England. Our liberation, our release from tyrannical oppression, our political and economic equality, our adherence to the rights of man are fundamental to our American philosophy.

Yet democracy is not automatic. Those "inalienable rights" must be protected. Our Pilgrim Fathers realized how zealously freedom must be guarded when they planted the seed of American democracy with the Mayflower Compact. It pointed the way to equal rights and common duties. Under it the little Colony was not intolerant, nor overly severe, nor unjust. The Pilgrims guaranteed religious liberty as they understood it. They stressed the necessity for righteous character. They exhibited no sickly, simpering sentimentality toward indolence and crime. And above all they placed their trust in God.

These noble ideals were restated and amplified in the Declaration of Independence written some 150 years after Plymouth Rock became the stepping-stone to a nation. The Declaration, the birth-certificate of our United States, added the basic truths of government: that when a government destroys the rights of "life, liberty, and the pursuits of happiness," the people are obliged to abolish such a despotic rule. It sets forth the real meaning of democracy: revolt against discipline, a righteous revolt against tyrannical discipline.

Besides the right to revolt, people need education to know whether their insurrection is justifiable. When a man's mind is enslaved, his actions become mechanical. An efficient government can rise only from an educated people. Many years have passed since 1787 when the Northwest Ordinance laid the groundwork for public education, but its sentiments have never been disputed. Public schooling is only the start. We must have a broad and continuous education throughout life. Our future lies in leaders who will best understand the extent and urgency of the dangers that threaten. Those who have the vision to comprehend the task and the courage to act cannot afford to be silent.

A man with foresight need not fear to express himself in America. Our book of fundamental law, our Constitution, was created to give him the right to voice his thoughts. *All* minorities are protected. The only real difference between pure democracy and advanced socialism is in this treatment of minorities. Communism and Naziism stifle all adverse groups while democracy encourages the use of free speech. We must safeguard our minorities if totalitarianism is to be kept on the other side of the Atlantic.

Even though we shudder at modern socialism, we maintain that all men have equal privileges and obligations. Not until relatively recent times did one of our own countrymen destroy the theory of partiality toward races. A life of consistent

tolerance and charity and fair dealings inspired Lincoln's *Second Inaugural Address*. While the old Ship of State was creaking and groaning in the stressful storm of the Civil War, the Great Emancipator emphatically declared that all men are equal in their rights to be their own masters, to be guardians of their own liberty, and to make for themselves their own happiness. When white man dies to save the black, that is true racial equality.

Lincoln's counsel that a just and lasting peace could not exist unless races were forgotten, rings equally true today when the second great struggle "to save the world for democracy" rages with the bitterest fury of modern death-machines. Both Wilson and Roosevelt have placed war on the high plane of moral purpose. Wilson added five points to his idealistic fourteen which tally exactly with Roosevelt's except for the provision for the League of Nations. Before the end of almost every world conflict the leaders have put forth these same suggestions as the basis for peace: freedom of speech, freedom of religion, freedom from want, and freedom from fear. We have theoretically always had these freedoms; we must practice them if we are to preserve them.

Our future peace cannot depend on ideals alone. We must make a working model of all our principles. We cannot be a prosperous nation if many of our citizens are ill-fed, ill-clothed, and uneducated. We must pay more attention to one phrase in the Preamble to the Constitution: "promote the general welfare." There may be people who enjoy living in slums, who are chronically shiftless and poor and sick. But certainly not all America's indigent are contented to live in want. These people deserve freedom too. Perhaps their liberty has temporarily been suspended during this period of all-out war effort. Yet the first thing to be done when the world again becomes sane is to restore their freedom, to continue the new policy of government help and rehabilitation. Not every potential "Lincoln" has been given his chance. We must encourage the aristocracy of virtue and ability and minimize the aristocracy of wealth and birth. We must restore our trust in our neighbors. Not everyone is a foreign spy. J. Edgar Hoover was truly sincere when he said, "The road to victory and peace is not the road of fanciful fears and suspicions." Of course we should remain watchful and vigilant, but at the same time sensible and calm. We have always prided ourselves on our principle that a man is not guilty unless so proved. Let us keep it that way.

The peoples of other lands have always looked toward America as the protector of personal liberty. America is the Messiah of Nations. We cannot afford to ration freedom!

VALEDICTORY

By JEAN McLAIN

BENEFIT OR BARRIER TO SCIENCE?

We are at war. The whole world is at war. Again we are fighting to preserve democracy. Yet, how few have expressed the hope that this would be a war to end wars. Is this oversight due to the failure of the last war to fulfill such a pledge? Or is it because of an impression that wars are unavoidable in promoting science? Noted historians maintain that science with its deadly machines has been the cause of repeated conflict. Yet, their contemporaries have countered with a theory that wars will continue to be fought as long as man exists, despite the influence of chemistry, physics, or biology.

Chemists of former days stood firm in their belief that stone, wood, clay, and certain metals were the only materials with which they could work. Chemists of the future may be able to make artificially anything they choose. But will this change have occurred rapidly enough to be of value to more than a few generations? Or have wars impeded the march of chemistry? No one can answer such a question. There are too many aspects to be considered, for chemicals have had their place in the world, effecting advantageous as well as injurious results on society. The applications, not the discoveries of science, have opened the question of the benefits to mankind.

Consider chlorine, for instance. Chlorine varies from dealing death to protecting life: for, in a pure state, it is the violent poison widely used in gas attacks, but, compounded with other elements, it produces such essentials as disinfectants, anesthetics, and fire extinguishing liquids. Furthermore, small amounts of liquid chlorine when added to water destroy certain disease germs. How much better off the world would be if those huge volumes of chlorine had not been wasted in destructive purposes!

Dismay would engulf Alfred Nobel could he see the results of his great discovery. Had he realized the weapons he was placing in the hands of troublemakers when he invented dynamite and other such powerful chemicals, one of man's most deadly enemies as well as most useful devices might have been overlooked. The fact that Nobel left his fortune to promote peace and science by means of the Nobel Peace Prize proves that he had the best interests of humanity at heart, but how appalled he would be at the misuse of his contribution! Dynamite, guncotton, and nitroglycerin, all used destructively in the World War, are of such immense value in peacetime pursuits — in mining and engineering, in sending lifelines to ships wrecked offshore, in breaking up ice-jams, and in felling trees.

As a predecessor of dynamite, gunpowder has almost entirely developed through military usage, formerly doing little more than frighten the horses and men, and later helping to make the common man with a musket more deadly than the mounted knight. Now, smokeless gunpowders with controlled burning and expansion of the explosive gases make possible the use of high explosives in modern artillery. This discussion might seem to support the idea that war promotes science, but are gun-

powders of much avail in peacetime?

As in chemistry, so in physics, science has undergone a process of delay, though possibly not as pronounced, because physics is a basic, fundamental research into the nature of all matter, not merely the utility of matter to mankind. Yet, the physicist is constantly searching for the forces derived from matter, whatever their character or power, and many of these forces have been disastrously misused.

Hence, one might say that in the field of physics originated the earliest illustration of the theory that war retards science. Archimedes, the foremost physicist of antiquity, was slain in the siege of Syracuse by the Romans. True, most of his inventions were in the line of war machines, but had there been no war, his efforts might have been directed towards benefiting mankind. Barely 375 years ago, Galileo revived interest in physics, but his statements were scorned, and he was forced to revoke many of them.

Imagine the benefit to the scientific world if the march of science had kept pace with the march of time over the 1800 years of "Dark Ages" between Archimedes and Galileo! Since the time of Sir Isaac Newton the story of physics has been one of amazing progress. Truths, laws, and theories by the scores have been unearthed. Radio and its offshoots have become commonplace. Yet, we have not so much as touched upon the vast fields of scientific knowledge, and the possibilities of rapid future development that have been opened up in recent years are now in danger of being sadly delayed.

The attention of all physicists and mathematicians is now focused upon the theory of relativity propounded by Einstein, whose story is one of the best-known in the annals of science. In order to prove his theory, it was necessary to carry out an experiment in a region where the sun is totally eclipsed. Germany, too engrossed in fighting the last war, would not finance the expedition, but England, despite the fact that Einstein came from a hostile country, arranged the trips to South America and West Africa, proving that "genius knows no frontier".

This incident later gave Einstein credit as a peacemaker, when, toasting his health as guest of honor at a dinner in London, Mr. Ernest Barker used these fine words:

"We welcome you twice, for discovering a new truth which has added to the knowledge of the universe, and for coming to us from a country that was lately our enemy to knit the broken threads of international science. If at your command the straight lines have been banished from our universe, there is yet one straight line which will always remain — the straight line of right and justice. May both our nations follow this straight line side by side in a parallel movement, which, in spite of Euclid, will yet bring them together in friendship with one another and in friendship with the other nations of the world."

It must be remembered that biology, the science of living things, has grown partly by accidental discoveries, and partly by the work of men who let curiosity guide them. Certain experiments carried out by Louis Pasteur helped to revolutionize medicine, although he was a biologist, not a physician. Thomas Huxley has said that the applications of his discoveries have saved France the billion-dollar indemnity

paid to Germany after the Franco-Prussian War. If the war had been prevented, would not France as well as the world have been far better off?

Possibilities in the field of surgery were found accidentally by the crowded conditions of the hospitals during the last war. Men who had been horribly maimed by shells and shrapnel were brought in, operated on, and left for hours without attention. And they lived. Pasteur's principles of fermentation and decay, heralding the development of antiseptic surgery, were proved during that war, when men who lay out in No Man's Land for long intervals, did not die of blood poisoning. Here, then, war has been a benefit to science.

Newton once said:

"I seem to have been only like a boy playing on the seashore, and diverting myself in now and then finding a smoother pebble or a prettier shell, whilst the great ocean of truth lay all undiscovered before me."

To be sure, we have turned up smoother pebbles and prettier shells since the time of Isaac Newton, but the vast ocean of knowledge is still as immeasurable as ever. Germany has given the world some of its greatest scientists — Roentgen of X-ray fame, Von Guericke, Einstein, and countless others—, but are such brilliant minds as these now allowed to turn their abilities toward benefiting the world? No, simply because one man has a mania for power. Are we in the democratic nations to allow one man's selfish interests undo the good that might be done? Can one man decide the destiny of the world? Can one person judge the question whether war is a benefit or barrier to science?

Classmates: The emotions which fill the hearts of every one of us here tonight are many and varied, and their expression in a few words is difficult. Graduation from high school is the young person's "jumping-off place". We are now entering new fields of work, entering without the material support of teachers and parents heretofore available. Bewilderment and uncertainty dominate our prospects. Many of our boys will enter into the armed forces of their country, nor can anyone predict where they will be sent or when they will return.

A cheerless sentiment, yes, but one which has to be met unflinchingly. Courage to face the future without disillusionment is a requisite for graduating classes in these times. Here in Melrose High School we have found that courage, and now we must put it to the supreme test.

We have met here tonight to put a fitting climax to four years of intensive work, but the uncertainty of the future has somewhat dulled the usual brilliance of such events. Lest parting be prolonged to unbearable length, I will only say what so many have said before me — goodbye and good luck.
